MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, JULY 11, 1959.

The State remained free from Plague during the week as in the previous week as also during the corresponding weeks in 1957 and 1958.

A total of 16 attacks with 4 deaths from Small-pox were reported from the Cities of Bangalore, Kolar Gold Fields, and Mangalore and from the Taluks of Chikmagalur, Karkal, Srirangapatna and Tiptur.

The State remained free from Cholera during the week.

A total of 1 attack with nil death from Kyasanur Forest diseases was reported from Shimoga District.

A total of 47 attacks with nil deaths from Influenza were reported from Heggadadevankote Taluk of Mysore District.

The State remained free from Yellow Fever, Relapsing Fever and Infectious of Hepatitis.

The total mortality for Bangalore Corporation amounted to 184 (83 in hospitals) for the week giving a calculated death-rate of 7·6 (4·1 excluding hospital deaths) per mille of population (annual basis) as against 14·5 (10·6 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths, were 37 due to Dysentery and Diarrhœa and 1 due to Typhoid, 2 due to Consumption and 144 due to all other causes.

The total mortality for Mysore City was 61 (29 in hospitals) for the week representing a calculated death-rate of 8·7 (4·5 excluding hospital deaths) per mille of population (annual basis) as against 11·8 (9·0 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths, were 25 due to other Fevers, 8 due to Dysentery and Diarrhœa, 1 due to Consumption and 27 due to all other causes.

There were 27 deaths (7 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 7·6 (5·6 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to other Fevers, 4 due to Dysentery and Diarrhœa, 1 due to consumption and 21 due to all other causes.

The total mortality for Belgaum City was 16 (nil in hospitals) for the week representing a calculated death-rate of 7·2 (nil excluding hospital deaths) per mille of population (annual basis) as against 9·2 (9·2 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths, were 2 due to other Fevers, and 14 due to all other causes.

The total mortality for Mangalore City was 11 (1 in hospital) for the week representing a death-rate of 3·7 (3·2 excluding hospital deaths), per mille of population (annual basis) as against 8·4 (4·7 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Dysentery and and Diarrhœa, and 10 due to all other causes.

S. T. RODDA,
Director of Public Health.

REGIONAL EMPLOYMENT EXCHANGE

No. 3, LADY CURZON ROAD, BANGALORE

NOTIFICATION

1. Employment seekers residing in Bangalore City and Cantonment may call personally and register their names with this Exchange.

2. Employment seekers from places outside Bangalore may register their names with the Employment Exchange having jurisdiction over the area in which they reside. A statement is appended below showing the particulars of the several Employment Exchanges in the State as also their jurisdiction. Persons residing in the headquarter-towns of the District Exchanges should personally call at the Exchange for purposes of Registration. Those residing in mofussil areas may obtain application forms from the Exchange, supplied free of cost on requisition, and submit the application to the concerned Exchange along with the copies of certificates duly attested by a Gazetted Officer.

3. Candidates once registered should periodically renew their registration as instructed on the Registration Card so long as they need employment assistance.

4. Renewal of registration may be obtained through post by mofussil registrants but Registration Card (X-10) should not be sent to the Exchange for this purpose. Those residing in Headquarter Towns should personally call at the Exchange for renewal.

OFFICE OF THE DIRECTOR OF PUBLIC HEALTH, MYSORE STATE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, JULY 25, 1959.

The State remained free from Plague during the week as in the previous week. Comparative figures for the corresponding weeks in 1957 and 1958 were 4 attacks with nil death and nil attacks with nil deaths respectively.

A total of 32 attacks with 9 deaths from Small-pox were reported from Mangalore City and from the Towns of Gokak, Kadur, Krishnarajpet, Nargund and from the Taluks of Chikmagalur, Gubbi, Kudur, Krishnarajpet, Kundapura, Hubli, Ramdurg and Tumkur.

A total of 6 attacks with 2 deaths from Cholera were reported from Ron and Srirangapatna Taluks.

A total of nil attacks with nil deaths from Infectious Hepatitis and Kyasanur Forest Disease was reported.

A total of 53 attacks with nil deaths from Influenza were reported from Heggadadevankote of Mysore District.

The State remained free from Yellow Fever and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 234 (87 in hospitals) for the week giving a calculated death-rate of 9·6 (6·0 excluding hospital deaths) per mille of population (annual basis) as against 15·3 (10·0 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 37 due to Dysentery and Diarrhœa and 197 due to all other causes.

The total mortality for Mysore City was 66 (22 in hospitals) for the week representing a calculated death-rate of 9·4 (6·2 excluding hospital deaths) per mille of population (annual basis) as against 12·0 (4·4 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths, were 12 due to other Fevers, 7 due to Dysentery and Diarrhœa, 2 due to Consumption and 45 due to all other causes.

There were 37 deaths (nil in hospitals) for the week from all causes in Kolar Gold Field City equivalent to a calculated death-rate of 10·5 (10·5 excluding hospital deaths) per mille of population (annual basis) as against 6·7 (5·0 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 9 due to other Fevers, 6 due to Dysentery and Diarrhœa, and 22 due to all other causes.

The total mortality for Belgaum City was 33 (18 in hospitals) for the week representing a calculated death-rate of 15·0 (6·8 excluding hospital deaths) per mille of population (annual basis) as against 8·3 (8·3 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths, were 2 due to other fevers, 3 due to Dysentery and Diarrhœa, 2 due to Typhoid, 2 due to consumption and 24 due to all other causes.

The total mortality for Mangalore City was 62 (38 in hospitals) for the week representing a death-rate of 20·2 (7·8 excluding hospital deaths), per mille of population (annual basis) as against 4·0 (4·0 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to other Fevers, 5 due to Dysentery and Diarrhœa, 1 due to Small-pox, 1 due to Typhoid, 5 due to consumption and 48 due to all other causes.

OFFICE OF THE DIRECTOR OF PUBLIC HEALTH, MYSORE STATE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, AUGUST 1, 1959.

The State remained free from Plague during the week as in the previous week and also in the corresponding weeks in 1957 and 1958.

A total of 46 attacks with 8 deaths from Small-pox were reported from Bangalore City from the Towns of Bellary, Krishnarajpet, Gokak, Shimoga, and from the Taluks of Chikmagalur, Bijapur, Dharwar, Krishnarajpet, Mangalore, Channagiri, Tumkur, Sagar and Khustagi.

A total of 3 attacks with 2 death from Cholera were reported from Hangal and Srirangapatna Taluks.

A total of 5 attacks with nil death from Kyasanur Forest Diseases was reported from Shimoga District.

A total of 51 attacks with nil deaths from Influenza were reported from Heggadadevankote of Mysore District.

The State remained free from Yellow Fever, Relapsing Fever and Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 273 (84 in hospitals) for the week giving a calculated death-rate of 11·2 (7·8 excluding hospital deaths) per mille of population (annual basis) as against 14·4 (10·3 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Small-pox.

The total mortality for Mysore City was 76 (10 in hospitals) for the week representing a calculated death-rate of 10·8 (9·4 excluding hospital deaths) per mille of population (annual basis) as against 10·7 (6·6 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths, were 46 due to Dysentery and Diarrhœa, 3 due to Consumption and 273 due to all other causes.

There were 27 deaths (7 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 7·6 (5·6 excluding hospital deaths) per mille of population (annual basis) as against 10·6 (8·5 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to other Fevers, 6 due to Dysentery and Diarrhœa, and 19 due to all other causes.

The total mortality for Belgaum City was 20 (nil in hospitals) for the week representing a calculated death-rate of 12·7 (nil excluding hospital deaths) per mille of population (annual basis) as against 20·7 (8·2 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths, were 5 due to other fevers, 4 due to Dysentery and Diarrhœa, 1 due to Malaria and 13 due to all other causes.

The total mortality for Mangalore City was 21 (nil in hospitals) for the week representing a death-rate of 6·7 (nil excluding hospital deaths), per mille of population (annual basis) as against 7·3 (7·0 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Dysentery and Diarrhœa, 2 due to consumption and 17 due to all other causes.

OFFICE OF THE DIRECTOR OF PUBLIC HEALTH, MYSORE STATE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, AUGUST 8, 1959.

The State remained free from Plague during the week as in the previous week. Comparative figures for the corresponding week in 1957 and 1958 were 3 attacks with nil death and nil attack with nil death respectively.

A total of 47 attacks with 11 deaths from Small-pox were reported from the Cities of Bangalore, Mangalore and from the Town of Krishnarajpet and from the Taluks of Krishnarajpet, Sagar, Ramdurg, Saundatti, Athani, Murkatti, Bijapur, Jamkhandi, Dharwar, and Coondapur.

A total of 1 attack with 1 death from Cholera were reported from Srirangapatna of Mandya District.

A total of 2 attacks with nil death from Kyasanur Forest Diseases was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever Influenza, and Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 250 (53 in hospitals) for the week giving a calculated death-rate of 10·3 (8·1 excluding hospital deaths) per mille of population (annual basis) as against 12·4 (8·3 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 44 due to Dysentery and Diarrhœa, 6 due to Consumption and 200 due to All Other Causes.

The total mortality for Mysore City was 45 (5 in hospitals) for the week representing a calculated death-rate of 6·4 (5·6 excluding hospital deaths) per mille of population (annual basis) as against 10·7 (7·4 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 9 due to Other Fevers, 9 due to Dysentery and Diarrhœa 3 due to Consumption and 24 due to all other causes.

There were 22 deaths (3 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 6·2 (5·3 excluding hospital deaths) per mille of population (annual basis) as against 7·9 (5·9 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Typhoid, 2 due to Dysentery and Diarrhœa, 1 due to Consumption and 18 due to All Other Causes.

The total mortality for Belgaum City was 11 (nil in hospitals) for the week representing a calculated death-rate of 5·0 (5·0 excluding hospital deaths) per mille of population (annual basis) as against 41·2 (8·2 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths, were 1 due to Other Fevers and 10 due to All Other Causes.

The total mortality for Mangalore City was 31 (14 in hospitals) for the week representing a calculated death-rate of 10·1 (5·5 excluding hospital deaths), per mille of population (annual basis) as against 4·4 (4·4 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Other Fevers, 5 due to Dysentery and Diarrhœa, 1 due to Typhoid and 23 due to All Other Causes.

NATIONAL EMPLOYMENT SERVICE IN MYSORE, BANGALORE.

NOTIFICATION

Employment seekers in Mysore State will please note the following instructions:

1. Persons residing within the jurisdiction of the area covered by the Employment Exchange should register their names with the respective Employment Exchange.

   For the convenience of the public a statement is appended below showing the particulars of the several Employment Exchanges functioning in the State as also their jurisdiction.

2. Persons residing in the headquarters towns and Cities of the Exchange should personally call at the concerned Exchange for purpose of registration.

   Those residing in mofussil areas may obtain application forms from the Exchange, supplied free of cost on requisition, and submit the application to the concerned Exchange along with the copies of certificates duly attested by a Gazetted Officer.

3. Candidates once registered should periodically renew their registration as per instructions given in the Registration Card (X-10) so long as they need employment assistance.

4. Renewal of registration may be obtained through post by mofussil registrants but Registration Card (X-10) should not be sent to the Exchange for this purpose.

   Those residing in Headquarters Towns and Cities should personally call at the Exchange for renewal.

C. J. PADMANABHA, *Dy. Commr.*

OFFICE OF THE DIRECTOR OF PUBLIC HEALTH, MYSORE STATE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, AUGUST 15, 1959.

The State remained free from Plague during the week as in the previous week. Comparative figures for the corresponding week in 1957 and 1958 were 1 attack with 1 death and nil attack with nil death respectively.

A total of 41 attacks with 5 deaths from Small-pox were reported from Mysore City and Mangalore City and from the Towns of Bijapur, Krishnarajpet and from the Taluks of Bijapur, Chikmagalur, Channagiri, Jamkhandi, Ramdurg, Shimoga and Krishnarajpet.

A total of 1 attack with 1 death from Cholera were reported from Navalgund Taluk of Dharwar District.

A total of 7 attacks with nil death from Kyasanur Forest Diseases was reported from Shimoga District.

A total of 83 attacks with nil death from Influenza were reported from Heggadadevankote Taluk of Mysore District.

The State remained free from Yellow Fever, Relapsing Fever and Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 247 (79 in hospitals) for the week giving a calculated death-rate of 10·2 (6·9 excluding hospital deaths) per mille of population (annual basis) as against 11·1 (8·9 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 45 due to Dysentery and Diarrhœa, 3 due to Consumption and 199 due to All Other Causes.

The total mortality for Mysore City was 64 (19 in hospitals) for the week representing a calculated death-rate of 9·1 (6·4 excluding hospital deaths) per mille of population (annual basis) as against 11·0 (7·5 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 8 due to Other Fevers, 8 due to Dysentery and Diarrhœa, 1 due to Small-pox, 3 due to Consumption and 44 due to all other causes.

There were 22 deaths (4 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 6·1 (5·1 excluding hospital deaths) per mille of population (annual basis) as against 8·5 (5·3 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Typhoid, 1 due to Other Fevers, 1 due to Dysentery and Diarrhœa, 1 due to Small pox, 3 due to Consumption and 15 due to All Other Causes.

C. J. PADMANABHA,
Dy. Commr.

OFFICE OF THE DIRECTOR OF PUBLIC HEALTH, MYSORE STATE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, AUGUST 29, 1959.

The State remained free from Plague during the week as in the previous week. Comparative figures for the corresponding week in 1957 and 1958 were nil attack with nil death.

A total of 33 attacks with 4 deaths from Small-pox were reported from Mangalore City and from the town of Ramanagaram and from the Taluks of Bijapur, Bagewadi, Belthangadi, Chikmagalur, Coondapur, Dharwar and Kadur.

A total of 2 attacks with 1 death from Cholera was reported from Badami Taluk of Bijapur District.

A total of 3 attacks with nil death from Kyasanur Forest Diseases was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing fever, Influenza and Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 256 (81 in hospitals) for the week, giving a calculated death rate of 10·5 (7·2 excluding hospital deaths) per mille of population (annual basis) as against 11·6 (8·5 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 41 due to Dysentery and Diarrhœa and 214 due to All Other Causes.

The total mortality for Mysore City was 83 (38 in hospitals) for the week representing a calculated death rate of 11·8 (6·4 excluding hospital deaths) per mille of population (annual basis) as against 10·5 (6·4 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 10 due to Other Fevers, 3 due to Dysentery and Diarrhœa, 2 due to Consumption and 68 due to All other Causes.

There were 50 deaths (11 in hospitals) for the week from all Causes in Kolar Gold Fields City equivalent to a calculated death-rate of 14·2 (11·0 excluding hospital deaths) per mille of population (annual basis) as against 10·6 (8·5 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Typhoid, 8 due to Other Fevers, 5 due to Dysentery and Diarrhœa and 36 due to All Other Causes.

The total mortality for Belgaum City was 15 (nil in hospitals) for the week representing a calculated death-rate of 6·3 (6·8 excluding hospital deaths) per mille of population (annual basis) as against 5·9 (5·9 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were, 2 due to Other Fevers, 2 due to Dysentery and Diarrhœa and 11 due to All Other Causes.

The total mortality for Mangalore City was 14 (nil in hospitals) for the week, representing death-rate of 4·5 (4·5 excluding hospital deaths), per mille of population (annual basis) as against 2·2 excluding (2·2 hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Other Fevers, 2 due to Dysentery and Diarrhœa, 21 due to Consumption and 9 due to All Other Causes.

NATIONAL EMPLOYMENT SERVICE IN MYSORE, BANGALORE.

NOTIFICATION

Employment seekers in Mysore State will please note the following instructions:

1. Persons residing within the jurisdiction of the area covered by the Employment Exchange should register their names with the respective Employment Exchange.

   For the convenience of the public a statement is appended below showing the particulars of the several Employment Exchanges functioning in the State as also their jurisdiction.

2. Persons residing in the headquarters towns and Cities of the Exchange should personally call at the concerned Exchange for purpose of registration.

   Those residing in mofussil areas may obtain application forms from the Exchange, supplied free of cost on requisition, and submit the application to the concerned Exchange along with the copies of certificates duly attested by a Gazetted Officer.

3. Candidates once registered should periodically renew their registration as per instructions given in the Registration Card (X-10) so long as they need employment assistance.

4. Renewal of registration may be obtained through post by mofussil registrants but Registration Card (X-10) should not be sent to the Exchange for this purpose.

   Those residing in Headquarters Towns and Cities should personally call at the Exchange for renewal.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, SEPTEMBER 19, 1959.

The State remained free from Plague during the week as in the previous week as also corresponding weeks in 1957 and 1958.

A total of 44 attacks with 2 deaths from Small-pox were reported from the City of Mysore and from the Towns of Shimoga, Karwar, Gadag, Betigere and from the Taluks of Bijapur, Bagewadi, Channagiri, Channarayapatna, Haveri, Hosadurga, Mandya, Maddur, Parasgad and Shimoga.

The State remained free from Cholera during the week.

A total of 1 attack with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Influenza, and Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 271 (113 in hospitals) for the week, giving a calculated death rate of 11·2 (6·5 excluding hospital deaths) per mille of population (annual basis) as against 8.9 (6·3 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 31 due to Dysentery and Diarrhoea, 5 due to Consumption and 235 due to all Other Causes.

The total mortality for Mysore City was 72 (31 in hospitals) for the week, representing a calculated death rate of 10·2 (5·6 excluding hospital deaths) per mille of population (annual basis) as against 13·6 (8·6 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 10 due to Typhoid, 1 due to Consumption and 48 due to all Other Causes.

There were 26 deaths (3 in hospitals) for the week from all causes in Kolar Gold Filed City, equivalent to a calculated death rate of 7·3 (6.5 excluding hospital deaths) per mille of population (annual basis) as against 9.5 (8·1 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Typhoid, 3 due to Other Fevers, 6 due to Dysentery and Diarrhoea, and 15 due to all Other Causes.

The total mortality for Belgaum City was 13 (nil in hospitals) for the week representing a calculated death rate of 5·9 (nil excluding hospital deaths) per mille of population (annual basis) as against 19.8 (5·2 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Other Fevers, 2 due to Dysentery and Diarrhoea and 10 due to all Other Causes.

The total mortality for Mangalore City was 33 (9 in hospitals) for the week, representing death rate of 10·7 (7·8 excluding hospital deaths) per mille of population (annual basis) as against 6·4 (3.0 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Dysentery and Diarrhoea, and 30 due to All Other Causes.

K. P. SRINATH,
For *State Statistician.*

General Weekly Summary of Mysore State for the Week ending Wednesday the 16th September 1959.

Rainfall	Sowing/Transplantation	Condition of standing crops	Harvest	General progress of Agricultural operations	Water Supply	Fodder and pasture	Condition of cattle
1. Bangalore District.							
Insufficient and some more rains are requirrd.	Transplantation of Paddy under some tanks of Magadi and Channapatna taluks is in progress.	The crops are fair, but ragi crop in Hoskote and Magadi taluks is showing signs of withering.	Harvesting of paddy in Hoskote taluk is nearing completion.	Agricultural operations are in progress in 5 Taluks.	Sufficient except from tanks of Channapatna taluk.	Sufficient ...	Generally healthy
2. Kolar District.							
Insufficient ...	Sowing in Chikballapur and transplanting in Gowribidanur taluk are in progress.	The crops are withering for want of rains in Mulbagal, Bangarpet, Chintamani and Gowribidanur taluks.	Potato crop in Sidlaghatta taluk and onion, potato crops in Chickballapur taluk are being harvested.	Agricultural operations are in progress in 8 taluks.	Sufficient except in Bagepally and Gudibanda taluks.	Sufficient, but scarcity for fodder is felt in Mulbagal taluk.	Do
3. Tumkur District.							
Well distributed in Gubbi taluk insufficient in other taluks.	Transplantation of paddy in some parts of Tumkur taluk is going on. Horsegram is being sown and paddy is being transplated in Koratagere taluk.	The crops are fair, but the crops in Chicknayakanahalli, Pavagada Sira, and Madhugiri taluks are withering for want of rains.	Irrigated ragi under some tanks of Sira and Madhugiri taluks Paddy under some tanks of Chicknayakanahally taluk are being harvested.	Agricultural operations are held up for want of rains in Chiknaikanahally taluk.	Sufficient except in Madhugiri, Turuvekere, Sira and Gubbi Taluks.	Sufficient except in Sira and Madhugiri taluks.	Generally healthy except for the prevalence of "Black Quarter" in one village of Madhugiri taluk and H.S. Disease in one village of Turuvekere taluk.
4. Mysore District.							
Well distributed in K.R. Nagar and Periyapatna taluks but insufficient in other taluks.	Transplantation of paddy in Yelandur taluk and Tobacco in Periyapatna taluk is going on.	The crops are fair except in Yelandur and Chamarajanagar taluks where the crops are withering.	Harvesting of jola, ragi, til., G. Nut in H. D. Kote taluk and of ragi in Periyapatna taluk is going on.	Agricultural operations are held up in H. D. Kote and Kollegal taluks for want of rains.	Sufficient except in tanks and wells of Yelandur Taluk.	Available ...	Generally healthy except for the prevalence "Blackquarter" in one village of K.R. Nagar Taluk.
5. Mandya District.							
Sufficient in Srirangapatna taluk and insufficient in other Taluks.	Transplantation of paddy is being done in Maddur and Malavally taluks.	The crops are not fair in K.R. Pet and Nagamangala taluks.	Harvesting of sugarcane in Srirangapatna, Pandavapura taluks and of Sugarcane and Paddy in Maddur taluk is in progress. Jowar is being harvested in Malavally taluk.	Agricultural operations are in progress in Maddur and Pandavapur taluks.	Sufficient except in K. R. Pet taluk.	Sufficient except in K. R. Pet taluk.	Generally healthy
6. Hassan District.							
Sufficient in Hassan and Alur taluks.	Transplantation of Paddy in Manjarabad, Arsikere taluks, showing of avare, horsegram, til and transplantation of Doddaragi, paddy in Hassan taluk are in progress.	The crops are fair, but the crops in Arsikere taluk are in need of urgent rains.	Karpaddy, til, G.nut, jola in Arsikere taluk and potato, G.nut crops in Hassan taluk are being harvested.	Progressing in 3 taluks.	Sufficient ...	Available ...	Do
7. Chickmagalur District							
Sufficient in N.R. Pura, Sringeri and Mudigere taluks.	Sowing of jola, horsegram, Wheat in Kadur taluk and of horsegram in Tarikere taluk is in progress.	The crops are fair, areca crop in Koppa and Sringeri taluks is affected by "Kole Roga".	Harvesting of corriander, G.nut, areca in Tarikere taluk is going on and of giddaragi, in Chickmagalur taluk is nearing completion.	Progressing in 4 taluks.	Sufficient ...	Sufficient ...	Generally healthy, but cows in a village of Kadur taluk are suffering from "Gantal Roga"

Rainfall	Sowing/Transplantation	Condition of Standing Crops	Harvest	General progress of agricultural operations	Water supply	Fodder and pasture	Condition of cattle
			8. Shimoga District.				
Sufficient in Hosanagar, Shimoga and Channagiri Taluks.	Transplantation of paddy in Sagar Taluk is nearing completion.	Generally fair except in some Villages of Sagar Taluk.	....	Agricultural operations are in progress.	Sufficient ...	Sufficient ...	Generally healthy, but cattle are suffering from "Galale Roga" in one Village of Channagiri Taluk.
			9. Chitradurga District.				
Sufficient in Haribar Taluk but insufficient in Chitradurga, Holalkere, Jagalur and Challakere Taluks.	Sowing of Cotton and Horsegram in Holalkere Taluk and of Horsegram in Jagalur Taluk is going on.	Dry crops are withering for want of rains in most of the Taluks.	Blackgram, G. Nut, Corriander, Til, Sugarcane and Giddaragi.	Agricultural operations are in progress in 7 Taluks.	Do ...	Available ...	Generally healthy except for the prevalence of H.S. Disease in 5 Villages of Hosadurga Taluk.
			10. Bellary District.				
.....	Completed ...	Standing crops are withering for want of rains in most of the Taluks.	Nil ...	Sowing of Hingari crops in Bellary Taluk is not commenced due to failure of rains.	Sufficient except in some Villages of Bellary Taluk.	Fodder scarcity is felt in Siruguppa and Bellary Taluks.	Generally good
			11. Bijapur District.				
The rainfall that occurred is not sufficient.	.....	The crops are withering for want of rains Khariff Jowar and G. Nut are attacked by Jigi and Grasshopper Pests in Mudhol Taluk.	Harvesting of early sown G. Nut crop is started in a few Villages of Mudhol Taluk.	Sowing of Cotton is held up for want of rains in most of the Taluks.	Sufficient ...	Available except in many Villages of Bagalkot Taluk.	Generally healthy. 90 attacks by Foot and Mouth disease have been reported in Indi Taluk.
			12. Belgaum District.				
Sufficient in Belgaum Taluk.	Transplantation of Tobacco Seedlings is in progress in Gokak Taluk.	The crops are fair, but urgent rains are required G. Nut is affected in Parasgad Taluk by germs.	Harvesting of maize in Gokak Taluk is in progress.	Sowing of Cotton crop is hampered for want of rains in Athani and Parasgad Taluks.	Do ...	Sufficient except in Parasgad Taluk	Generally healthy
			13. Dharwar District.				
Sufficient in Byadgi and Shiggaon Taluks. Rains are urgently required in all the Taluks.	Sowing of Cotton is in progress in Ron Taluk.	Not fair due to non-receipt of timely rains.	Harvesting of Save and Ragi in Hirekerur Taluk is in progress.	Sowing of Cotton is retarded for want of rains in Nargund and Kundgol Taluks.	Sufficient except in 3 Villages of Nargund Taluk.	Sufficient except in Gadag and Mundargi Taluks.	Generally healthy, but "Black Quarter" is reported in one Village of Haveri Taluk causing 2 attacks and 2 deaths.
			14. North Kanara District.				
Sufficient ...	Transplantations of Khariff paddy is nearing completion in Supa Taluk and is going on in Siddapur Taluk.	Fair	... ...	Progressing ...	Sufficient ...	Sufficient ...	Generally healthy
			15. Gulbarga District.				
Beneficial to crops in Chincholi and Chitapur Taluks.	Sowing of Paddy is in progress in Yadgir Taluk.	Fair ...	Harvesting of Udad, Sesamum in Chincholi Taluk Sesamum and G. Nut in Shapur Taluk and of Green Gram, Udad, Chillies in Gulbarga Taluk is in progress.	Progressing in 4 Taluks.	Do ...	Available ...	Do

16. Raichur District.									
...	Sowing of Rabi Cotton is in progress in Deodurg Taluk and is nearing completion in Raichur Taluk.	The crops are withering in most of the Taluks for want of rains.	Nil	...	...	Sowing of Rabi Cotton and Horsegram in Koppal Taluk have not been started for not receipt of rains.	Do	...	Available but scarcity for fooder is felt in Koppal and Sindhanoor Taluk.	Do
17. Bidar District.										
...	...	...	...	...	Fair	...	...	Harvesting of Udad and Moong has commenced in Aurad Taluk.	Progressing	...	Do	...	Sufficient	...	Do
18 South Kanara District.										
Sufficient	...	...	...	...	Fair	...	...	Harvesting of Ginger and Sweet potatoes in Puttur Taluk is done.	The Progress is fair in 2 Taluks.	Do	...	Do	...	Do
19. Coorg District.										
Sufficient	...	Transplantation of Paddy crop is nearing completion in Srimangala Nad.	Good, except Paddy crops in some villages of Bhagamandala Nad.	Picking of Cardamom is in progress in Somwarpet, Bhagamandala Sanivarasanthe, Mercara and Srimangala Nads.	Satisfactory	...	Do	...	Do	...	Reported to be healthy except in a few villages of Srimangala Nad.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, SEPTEMBER 26, 1959.

The State remained free from Plague during the week as in the previous week as also during corresponding weeks in 1957 and 1958.

A total of 30 attacks with 9 deaths from Small-pox were reported from Mangalore City and from the Town of Dharwar and from the taluks of Bijapur, Bagewadi, Channarayapatna, Kanakapura, Keragodu, Hadagally, Lingasugur, Udipi, Mandya and Maddur.

The State remained free from Cholera during the week.

A total of 6 attacks with nil deaths from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Influenza and Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 406 (105 in hospitals) for the week, giving a calculated death rate of 25·5 (12·4 excluding hospital deaths) per mille of population (annual basis) as against 10.2 (7·3 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 60 due to Dysentery and Diarrhœa, 6 due to Consumption and 340 due to all Other Causes.

The total mortality for Mysore City was 81 (5 in hospitals) for the week, representing a calculated death rate of 11·5 (10·8 excluding hospital deaths) per mille of population (annual basis) as against 9·5 (7·7 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 18 due to Other Fevers, 16 due to Dysentery and Diarrhœa, 1 due to Typhoid and 46 due to all Other Causes.

There were 44 deaths (9 in hospitals) for the week from all causes in Kolar Gold Field City, equivalent to a calculated death rate of 12·5 (9.1 excluding hospital deaths) per mille of population (annual basis) as against 10·4 (7·2 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Malaria, 7 due to Other Fevers, 13 due to Dysentery and Diarrhœa, 1 due to Small-pox and 21 due to all Other Causes.

The total mortality for Belgaum City was 30 (18 in hospitals) for the week representing a calculated death rate of 13·6 (3·9 excluding hospital deaths) per mille of population (annual basis) as against 13.2 (4·2 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Other Fevers, 3 due to Dysentery and Diarrhœa, 3 due to Typhoid, 1 due to Consumption and 21 due to all Other Causes.

The total mortality for Mangalore City was 27 (12 in hospitals) for the week, representing death rate of 8·8 (4·9 excluding hospital deaths) per mille of population (annual basis) as against 20·7 (excluding 6.1 hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 3 due to Other Fevers, 1 due to Dysentery and Diarrhœa, 3 due to Consumption and 20 due to All Other Causes.

Consolidated Statement showing the Monthly Weather and Crop Report for the month of July 1959.

Sl. No	District	Condition of: Water supply	Sowing/Transplantation	Standing crops	Harvest	Fodder and Pasture	Cattle	Rainfall	Damage to crops
1	2	3	4	5	6	7	8	9	10
1	Bangalore ...	Sufficient in all taluks except in Channapatna taluk.	Sowing of ragi was in progress.	Paddy and sugarcane were good. But ragi in Bangalore North needed urgent rains.	Summer paddy was harvested in Bangalore North, South, Hosakote taluks.	Available ...	Generally healthy except in some villages of Bangalore South taluk where "Black quarter" disease was prevailing.	Deficient in Bangalore North, Doddaballapur, Magadi, Ramanagaram, Anekal and Devanahalli taluks. Scanty in Hoskote, Nelamangala Kanakapura and Channapatna taluks.	No damage in the District except in Bangalore North taluk where ragi withered to some extent for want of rains.
2	Kolar ...	Sufficient in all taluks except in Malur and Bagepalli taluks.	Sowing of ragi, avare, jowar and punaji paddy was reported.	Sugarcane, ragi, avare and groundnut in good condition.	Nil ...	Sufficient ...	Generally healthy ...	Normal in Mulbagal, Chickkaballapur, Bagepally, Gauribidanur taluks. Deficient in Sidlaghatta and Srinivasapur taluks and scanty in all other taluks.	No damage except in Bangarpet taluk where crops needed rain.
3	Tumkur ...	Sufficient in all taluks except in Sira, Madhugiri and Gubbi taluks.	Sowing of dry ragi, avare, tur, castor, horsegram, g. nut and paddy was in progress.	Sugarcane, karragi, jowar, horsegram, avare, were good, ragi, in Tumkur taluk needed rains.	Summer paddy in Koratagere, Kunigal, Chiknayakanahalli taluks.	Do ...	Do ...	Deficient in Tumkur, Madhugiri, Sira, Gubbi, Koratagere. Normal in Chiknayakanahalli and Tiptur, excessive in Pavagada.	Nil
4	Mysore ...	Sufficient ...	Sowing and transplantation of paddy crop was in progress in all the taluks.	Paddy, ragi, jowar, sugarcane were good except in Nanjangud and Hunsur taluks.	Nil ...	Do ...	Generally healthy except in some villages of Nanjangud and Yelandur taluks where cattle disease prevailed.	Deficient in Yelandur and excessive in other taluks.	Ragi and paddy affected to some extent in Nanjangud, Hosur and Kollegal taluks by floods.
5	Mandya ...	Do ...	Sowing of ragi, paddy, sugarcane and transplantation of paddy were in progress.	Karpaddy, sugarcane were in good condition.	Harvesting of karpaddy, ragi, sugarcane were in progress.	Do ...	Generally healthy ...	Deficient in Mandya excessive in Malavalli and normal in other taluks.	Standing crops in Malavalli taluk affected by floods.
6	Hassan ...	Do ...	Sowing and transplantation of paddy was in progress.	Fair ...	Nil ...	Do ...	Do ...	Excessive ...	.....
7	Chickmagalur...	Do ...	Sowing and transplantation of paddy was in progress.	Areca, coffee, Cardamum, paddy, ragi, jowar were good.	Nil ...	Do ...	Do ...	Do ...	Paddy in Mudigere, Sringeri, Tarikere and Narasimharajapura taluks was affected by heavy rains.
8	Shimoga ...	Sufficient ...	Transplantation of Paddy was in progress.	Good ...	Nil ...	Sufficient ...	Generally healthy ...	Normal ...	Standing crops affected by floods in Sagar and Shikaripur Taluks.
9	Chitradurga ...	Sufficient ...	Sowing of Paddy, Ragi, G. Nut, Cotton, was in progress.	Fair ...	Harvesting of paddy and G. Nuts.	Do ...	Generally healthy except in Holalkere and Hosadurga taluks where "Galale Roga" was prevailing.	Do ...	Standing crops in Jagalur and Challakere Taluks were affected by pests.
10	Bellary ...	Sufficient ...	Transplantation of Paddy and Sowing of Moong, Jowar, G. Nut, Bajra was in progress.	Fair ...	Nil ...	Do ...	Generally healthy but "Foot and Mouth" disease was reported in one village of Siruguppa Taluk.	Scanty ...	Four villages of Harapanahalli Taluk affected by pests.
11	Bijapur ...	Sufficient ...	Sowing of Kharif crops completed.	Fair ...	Nil ...	Do ...	Generally good. Cattle disease reported in Hungund and Indi Taluks.	Deficient in Indi, Sindgi, Jamkhandi, Mudhol and Bagalkot Taluks normal in the rest.	Groundnut and Kharif Jowar affected by Caterpillars in Badami Taluk.
12	Belgaum ...	Sufficient ...	Sowing of Kharif crops was in progress.	Good ...	Maize in Gokak started ...	Do ...	Generally good. "Cattle disease" reported in some villages of Sampagaon, Ramdurg and Chikodi Taluks.	Scanty in Athani, normal in Gokak and Ramdurg and excessive in remaining Taluks.	Nil
13	Dharwar ...	Sufficient ...	Sowing of Kharif crops was in progress.	Fair ...	Nil ...	Do ...	Generally Good. "Cattle disease" broken out in some villages of Shirahatti, Hirekerur and Hangal Taluks.	Excessive ...	Crops in 9 villages of Mundargi and 5 villages of Hangal taluk affected by floods.

14	North Kanara ...	Sufficient	... Transplantation of Paddy was in progress.	Fair	... Nil	... Do	... Generally good. "Cattle disease" in one village of Supa Taluk.	Excessive	... Crops in Ankola, Sirsi and Bhatkal affected by floods.
15	Gulbarga ...	Sufficient	... Sowing of kharif crops completed.	Average	... Nil	... ... Sufficient	... Generally good. "Cattle disease" in one village of Afzalpur Taluk.	Excessive in Sedom scanty in Aland, deficient in Jevargi and Gulbarga and Normal in others.	Crops affected by pests in parts of Gulbarga, Jevargi, Afzalpur and Shorapur Taluks
16	Raichur ...	Sufficient	... Sowing of kharif crops was in progress.	Do	... Nil	... ... Sufficient	... Good ...	... Excessive in Raichur and normal in other Taluks.	Kharif crops affected by floods in Gangavathi Taluk and by pests in Lingsagur Taluk.
17	Bidar ...	Sufficient	... Sowing of kharif crops completed.	Good	... Nil	... ... Sufficient	... Good ...	... Normal	... .
18	South Kanara	Sufficient	... Sowing of paddy, Ragi, sweet Potato and transplantation of paddy were in progress.	Fair	... Nil	... ... Sufficient	... Good ...	... Excessive	... Paddy damaged due to flood in Costal line area.
19	Coorg ...	Sufficient	... Sowing of Ragi and Transplantation of paddy were in progress.	Fair	... Nil	... ... Sufficient	... Good ...	... Excessive	... Ragi and Cardamom slightly affected due to heavy rains.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, OCTOBER 10, 1959.

The State remained free from Plague during the week as in the previous week, and also during the corresponding week in 1957 and 1958.

A total of 41 attacks with 11 deaths from Small-pox were reported from Mangalore City and from the Town of Sandur and from the Taluks of Bijapur, Channapatna, Gangavathy, Jagalur, Kanakapura, Mandya and Molakalmuru.

The State remained free from Cholera during the week.

A total of 9 attacks with nil deaths from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Influenza and Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 227 (76 in hospitals) for the week, giving a calculated death rate of 9·3 (6·2 excluding hospital deaths) per mille of population (annual basis) as against 10·1 (7·0 excluding Hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 45 due to Dysentery and Diarrhœa, 1 due to Consumption and 181 due to All Other Causes.

The total mortality for Mysore City was 92 (67 in hospitals) for the week representing a calculated death-rate of 13·1 (3·5 excluding hospital deaths) per mille of population (annual basis) as against 8·3 (5·8 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths 6 were due to Other Fevers, 10 due to Dysentery and Diarrhœa, 2 due to Consumption, 7 due to Typhoid and 67 due to All Other Causes.

There were 31 deaths (5 in hospitals) for the week from all causes in Kolar Gold Fields City, equivalent to a calculated death-rate of 8·8 (7·1 excluding hospital deaths) per mille of population (annual basis) as against 7·8 (6·6 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths, 1 was due to Other Fevers, 4 due to Dysentery and Diarrhœa, 3 due to consumption and 23 due to All Other Causes.

The total mortality for Belgaum City was 14 (nil in hospitals) for the week representing a calculated death-rate of 6·3 (6·3 excluding hospital deaths) per mille of population (annual basis) as against 13·7 (5·6 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths, 4 were due to Other Fevers, 2 due to Dysentery and Diarrhœa and 8 due to All Other Causes.

The total mortality for Mangalore City was 31 (19 in hospitals) for the week representing a calculated death rate of 10·1 (3·9 excluding hospital deaths) per mille of population (annual basis) as against 11·2 (6·1 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths 1 was due to other fevers, 3 due to Dysentery and Diarrhœa, 5 due to consumption and 22 due to All Other Causes.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, OCTOBER 17, 1959.

The State remained free from Plague during the week as in the previous week, and also during the corresponding week in 1957 and 1958.

A total of 27 attacks with 3 deaths from Small-pox were reported from the Taluks of Mandya, Maddur, Bangarpet, Mulbagal, Ramdurg and Bagewadi.

The State remained free from Cholera during the week.

A total of 2 attacks with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Influenza and Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 288 (113 in hospitals) for the week, giving a calculated death-rate of 11·9 (7·3 excluding hospital deaths) per mille of population (mid-year population) as against 8·4 (5·3 excluding Hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 45 due to Dysentery and Diarrhœa, 1 due to Typhoid, 1 due to Consumption and 241 due to All Other Causes.

The total mortality for Mysore City was 90 (46 in hospitals) for the week representing a calculated death-rate of 12·8 (6·2 excluding hospital deaths) per mille of population (mid-year population) as against 10·6 (4·9 excluding hospital deaths) for the corresponding period of last year Classified according to causes of deaths were 7 due to Other Fevers, 10 due to Dysentery and Diarrhœa, 3 due to Typhoid, 1 due to Consumption and 69 due to All Other Causes.

There were 18 deaths (3 in hospitals) for the week from all causes in Kolar Gold Fields City, equivalent to a calculated death-rate of 5·1 (4·2 excluding hospital deaths) per mille of population (mid-year population) as against 2·6 (1·7 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Dysentery and Diarrhœa, and 16 due to All Other Causes.

The total mortality for Belgaum City was 21 (2 in hospitals) for the week representing a calculated death-rate of 9·5 (8·6 excluding hospital deaths) per mille of population (mid-year population) as against 3·7 (3·7 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Other Fevers, 1 due to Dysentery and Diarrhœa and 19 due to All Other Causes.

The total mortality for Mangalore City was 25 (10 in hospitals) for the week representing death rate of 8·1 (4·9 excluding hospital deaths) per mille of population (mid-year population) as against 13·9 (5·0 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to consumption and 23 due to All Other Causes.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, OCTOBER 24, 1959.

The State remained free from Plague during the week as in the previous week, and also during the corresponding week in 1957 and 1958.

A total of 34 attacks with 9 deaths from Small-pox were reported from the Taluks of Harihar, Mandya, Gokak, Mulbagal, Malavalli, Shimoga, Badami and from Sandur Town.

The State remained free from Cholera during the week.

A total of nil attack with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Influenza and Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 291 (83 in hospitals) for the week, giving a calculated death-rate of 10·0 (8·5 excluding hospital deaths) per mille of population (mid-year estimated population) as against 5·2 (3·1 excluding Hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 43 due to Dysentery and Diarrhœa, 5 due to Consumption and 243 due to All Other Causes.

The total mortality for Mysore City was 108 (50 in hospitals) for the week representing a calculated death-rate of 15·4 (8·2 excluding hospital deaths) per mille of population (mid-year estimated population) as against 8·0 (4·4 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 19 due to Other Fevers, 11 due to Dysentery and Diarrhœa, 9 due to Consumption, 1 due to Typhoid and 68 due to All Other Causes.

There were 30 deaths (6 in hospitals) for the week from all causes in Kolar Gold Fields City, equivalent to a calculated death-rate of 8·5 (6·8 excluding hospital deaths) per mille of population (mid-year estimated population) as against 6·9 (5·4 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Other Fevers, 6 due to Dysentery and Diarrhœa, and 22 due to All Other Causes.

The total mortality for Belgaum City was 16 (nil in hospitals) for the week, representing a calculated death-rate of 7·2 (nil excluding hospital deaths) per mille of population (mid-year estimated population) as against 7·0 (7·0 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 16 due to All Other Causes.

The total mortality for Mangalore City was 9 (nil in hospitals) for the week, representing a calculated death rate of 2·9 (nil excluding hospital deaths) per mille of population (mid-year estimated population) as against 5·0 (2·0 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Dysentery and Diarrhœa, 1 due to consumption and 6 due to All Other Causes.

C. GOPALRAJ CHETTY,
For *Director of Public Health* (on tour).

Employment seekers in Mysore State will please note the following instructions:

1. Persons residing within the jurisdiction of the area covered by the Employment Exchange should register their names with the respective Employment Exchange.

   For the convenience of the public a statement is appended below showing the particulars of the several Employment Exchanges functioning in the State as also their jurisdiction.

2. Persons residing in the headquarters towns and Cities of the Exchange should personally call at the concerned Exchange for purpose of registration.

   Those residing in mofussil areas may obtain application forms from the Exchange, supplied free of cost on requisition, and submit the application to the concerned Exchange along with the copies of certificates duly attested by a Gazetted Officer.

3. Candidates once registered should periodically renew their registration as per instructions given in the Registration Card (X-10) so long as they need employment assistance.

4. Renewal of registration may be obtained through post by mofussil registrants but Registration Card (X-10) should not be sent to the Exchange for this purpose.

   Those residing in Headquarters Towns and Cities should personally call at the Exchange for renewal.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, OCTOBER 31, 1959.

The State remained free from Plague during the week as in the previous week, and also during the corresponding week in 1957 and 1958.

A total of 50 attacks with 7 deaths from Small-pox were reported from the Taluks of Mandya, Shimoga, Belgaum, Ramdurga, Hukeri, Mulbagal, Harihar, Thirthahalli, Bangarpet and Sandur and from Sandur Town.

The State remained free from Cholera during the week.

A total of nil attack with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Influenza and Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 166 (53 in hospitals) for the week, giving a calculated death-rate of 6·8 (4·6 excluding hospital deaths) per mille of population (mid-year estimated population) as against 10·9 (8·6 excluding Hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 30 due to Dysentery and Diarrhœa, 7 due to Consumption and 129 due to All Other Causes.

The total mortality for Mysore City was 18 (2 in hospitals) for the week representing a calculated death-rate of 2·5 (2·2 excluding hospital deaths) per mille of population (mid-year estimated population) as against 7·4 (4·7 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 5 due to Other Fevers, 1 due to Dysentery and Diarrhœa, 2 due to Consumption, 10 due to All Other Causes.

There were 26 deaths (3 in hospitals) for the week from all causes in Kolar Gold Fields City, equivalent to a calculated death-rate of 7·3 (6·5 excluding hospital deaths) per mille of population (mid-year estimated population) as against 6·9 (5·4 excluding Hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Other Fevers, 2 due to Dysentery and Diarrhœa, and 23 due to All Other Causes.

The total mortality for Belgaum City was 9 (nil in hospitals) for the week, representing a calculated death-rate of 4·1 (nil excluding hospital deaths) per mille of population (mid-year estimated population) as against 4·6 (4·6 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 9 due to All Other Causes.

The total mortality for Mangalore City was 17 (nil in hospitals) for the week, representing a calculated death rate of 5·5 (nil excluding hospital deaths) per mille of population (mid-year estimated population) as against 6·1 (4·4 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 4 due to Consumption and 13 due to All Other Causes.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, OCTOBER 31, 1959.

The State remained free from Plague during the week as in the previous week, and also during the corresponding week in 1957 and 1958.

A total of 50 attacks with 7 deaths from Small-pox were reported from the Taluks of Mandya, Shimoga, Belgaum, Ramdurga, Hukeri, Mulbagal, Harihar, Thirthahalli, Bangarpet and Sandur and from Sandur Town.

The State remained free from Cholera during the week.

A total of nil attack with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Influenza and Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 166 (53 in hospitals) for the week, giving a calculated death-rate of 6·8 (4·6 excluding hospital deaths) per mille of population (mid-year estimated population) as against 10·9 (8·6 excluding Hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 30 due to Dysentery and Diarrhœa, 7 due to Consumption and 129 due to All Other Causes.

The total mortality for Mysore City was 18 (2 in hospitals) for the week representing a calculated death-rate of 2·5 (2·2 excluding hospital deaths) per mille of population (mid-year estimated population) as against 7·4 (4·7 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 5 due to Other Fevers, 1 due to Dysentery and Diarrhœa, 2 due to Consumption, 10 due to All Other Causes.

There were 26 deaths (3 in hospitals) for the week from all causes in Kolar Gold Fields City, equivalent to a calculated death-rate of 7·3 (6·5 excluding hospital deaths) per mille of population (mid-year estimated population) as against 6·9 (5·4 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Other Fevers, 2 due to Dysentery and Diarrhœa, and 23 due to All Other Causes.

The total mortality for Belgaum City was 9 (nil in hospitals) for the week, representing a calculated death-rate of 4·1 (nil excluding hospital deaths) per mille of population (mid-year estimated population) as against 4·6 (4·6 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 9 due to All Other Causes.

The total mortality for Mangalore City was 17 (nil in hospitals) for the week, representing a calculated death rate of 5·5 (nil excluding hospital deaths) per mille of population (mid-year estimated population) as against 6·1 (4·4 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 4 due to Consumption and 13 due to All Other Causes.

C. GOPALRAJ CHETTY,

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, NOVEMBER 28, 1959.

The State remained free from Plague during the week. Comparative figures for the corresponding week in 1957 and 1958 were 2 attacks with 1 death and one attack with nil death respectively.

A total of 50 attacks with 9 deaths from Small-pox were reported from the Taluks of Hosanagar, Bagewadi, Jamkhandi, Kanakapura, Bangarpet, Tirthahalli, Maddur and Towns of Gadag, Betgeri, Shirahatti and in Kolar Gold Fields City.

A total of 1 attack with nil death from Cholera was reported from Hangund Taluk, Bijapur District.

A total of 2 attack with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Influenza and Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 226 (79 in hospitals) for the week, giving a calculated death-rate of 9·3 (6·0 excluding hospital deaths) per mille of population (mid-year estimated) as against 8·9 (5·9 excluding Hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 28 due to Dysentery and Diarrhœa, 1 due to Consumption and 197 due to All Other Causes.

The total mortality for Mysore City was 57 (13 in hospitals) for the week representing a calculated death-rate of 8·1 (6·2 excluding hospital deaths) per mille of population (mid-year estimated) as against 6·1 (4·0 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 14 due to Other Fevers, 8 due to Dysentery and Diarrhœa, 2 due to Consumption, and 33 due to All Other Causes.

There were 19 deaths (3 in hospitals) for the week from all causes in Kolar Gold Fields City, equivalent to a calculated death-rate of 5·3 (4·5 excluding Hospital deaths) per mille of population (mid-year estimated) as against 10·7 (8·3 excluding Hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Dysentery and Diarrhœa, 2 due to Small-pox, 1 due to Consumption and 14 due to All Other Causes.

The total mortality for Belgaum City was 33 (19 in Hospitals) for the week, representing a calculated death-rate of 15·0 (6·3 excluding Hospital deaths) per mille of population (mid-year estimated) as against 16·5 (6·6 excluding Hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Other Fevers, 1 due to Dysentery and Diarrhœa, 4 due to Consumption and 27 due to All Other Causes.

The total mortality for Mangalore City was 10 (nil in Hospitals) for the week representing death rate of 3·2 (nil excluding Hospital deaths) per mille of population (mid-year estimated) as against 5·0 (5·0 excluding Hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Other Fevers, 1 due to Dysentery and Diarrhœa and 8 due to All Other Causes.

The crops are reported to be poor in Bagepally Taluk.	Ragi and Groundnut crops in most of the Taluks, Samai, Sajje, Haraka crop in Chintamani Taluk are being harvested.	Progressing in 6 Taluks.	Sufficient except in Gubibanda and Bagepally Taluks where it is insufficient.	Do ...	Do
			3. Tumkur District.				
Rainfall occurred in all the Taluks.	Transplantation of Paddy is going on in Sira Taluk.	Standing crops are generally fair.	Harvesting of Ragi, Paddy and G. Nut crops is in progress.	Progressing in 4 Taluks.	Sufficient except from tanks of Madhugiri Taluk.	Do ...	Do
			4. Mysore District.				
The rainfall that occurred is sufficient.	Sowing of Bengalgram in some in parts of Kollegal Taluk is in progress.	Standing Paddy, Sugarcane, Mulberry, Chillies, Tur, Horsegram, Bengalgram crops are fair.	Sugarcane crop in Yelandur Taluk, Paddy in Mysore, Nanjangud and K.R Nagar Taluks and Ragi, Cholam, Same crop in some parts of the Kollegal Taluk are being harvested.	Progressing in 4 Taluks.	Sufficient ...	Do ...	Generally healthy except for the prevalence of Cattle disease in one village of Nanjangud Taluk.
			5. Mandya District				
Rainfall occurred in all the Taluks except in K.R. Pet Taluk.	Nil	Sugarcane, Paddy and Horsegram crops are fair.	Harvesting of Paddy, Ragi and Sugarcane crops is in progress.	Progressing in 4 Taluks.	Do ...	Do ...	Generally healthy
			6. Hassan District.				
No rainfall except in Holenarasipur Taluk.	Nil	Standing crops are fair. ...	Paddy and Ragi crops are being harvested.	Progressing in 4 Taluks.	Do ...	Do ...	Do
			7. Chikmagalur District.				
Sufficient in N.R. Pura and Sringeri Taluks.	Nil	Standing crops such as Paddy, Ragi, Jola, Horsegram, Bengalgram, Sugarcane, Coffee, Areca are in fair condition.	Paddy and Areca crops are being harvested.	Progress is fair in 8 Taluks.	Do ...	Do ...	Generally healthy except for the prevalence of Cattle disease in one Village of Tarikere Taluk.
			8. Shimoga District.				
No rainfall except in Bhadravathi	Nil	Standing crops are fair ...	Harvesting of Paddy, Jola, Ragi crops are in progress.	Progress is fair in 5 Taluks.	Do ...	Do ...	Generally healthy

1	2	3	4	5	6	7	8
			9. Chitradurga District.				
Insufficient in Holalkere and Chitradurga Taluks. Nil in other Taluks except in Hosadurga and Hiriyur Taluks.	Transplantation of Paddy in Wet lands of Holalkere Taluk is in progress.	Standing crops are fair except in Challakere Taluk, where dry crops have been affected for want of timely rains and crops in Chitradurga Taluk are withering for want of rains.	addy, Ragi, Samai, Navane, Jola, Haraka, Sajje and G. Nut crops are being harvested.	Agricultural operations are in progress.	Do ...	Do ...	Generally healthy
			10. Bellary District.				
No rainfall except in Hospet, Bellary and Mallapuram Taluks.	Nil	Standing crops are fair, but Hingari crops in Bellary Taluk are in need of rains.	Harvesting of Mungari crops such as Cholam, Sajja, Navane, Groundnut crops is in progress.	Agricultural operations are in progress.	Sufficient ...	Sufficient ...	Do
			11. Bijapur District.				
Sufficient in Bagalkot and Bagewadi Taluks. Nil in other Taluks.	Nil	Condition of the Rabi crops in Badami, Bilgi, Bagalkot and Hungund Taluks is not satisfactory.	Harvesting of Kharif crops such as Jowar, Bajra and Groundnut is in progress.	Agricultural operations are in progress.	Adequate ...	Adequate, but scarcity is felt in some villages of Bagalkot and Hangal Taluks.	Do
			12. Belgaum District.				
Sufficient in Huckeri Taluk. Nil in other Taluks.	Sowing of Pea, Gram, Masur and other pulses in Belgaum Taluk is in progress and of Gram, Wheat in Chickodi Taluks is nearing completion.	Standing crops are fair except in Ramdurg Taluk where young Rabi crops are withering for want of moisture in the soil.	Harvesting of Bajra, Groundnut in Athani and Huckeri Taluks; Jowar in Ramdurg Taluk and of Paddy in Khanapur Taluk is in progress.	Progressing in 3 Taluks.	Adequate except in 2 villages of Parasgad Taluk and at one village of Ramdurg Taluk.	Adequate ...	Do
			13. Dharwar District.				
Nil ...	Nil	Kharif crops have failed in Navalgund, Gadag Taluks and the Rabi crops are not fairing well for want of rains in Ron, Nargund and Mundargi Taluks.	Harvesting of Kharif Jowar, Groundnut and Paddy is in progress.	Sowing of Wheat and Gram is held up in Gadag Taluk for want of rains.	Sufficient except in 5 villages of Gadag Taluk and in one village of Nargund Taluk.	Adequate except in Mundargi Taluk and in some parts of Gadag Taluk.	Generally healthy except for the prevalence of Cattle Disease in 2 villages of Kundgol Taluk and H S. Disease in 2 villages of Hirekerur Taluk.
			14. North Kanara District.				
Rainfall is sufficient but rains are not required now.	Sowing of Rabi crops is in progress in Ankola and Karwar Taluks.	Standing crops are fair ...	Harvesting of Paddy is in progress.	Progress is fair ...	Adequate ...	Adequate ...	Generally healthy
			15. Gulbarga District.				
Nil ...	Sowing of Rabi crops is in progress in Yadgir Taluk.	Standing crops are fair except Tur crop in Chincholi Taluk.	Bajra, Groundnut crops in Jewargi and Afzalpur Taluks. Groundnut in Gulbarga Taluk and Kharif Jowar in Shorapur Taluk are being harvested.	Agricultural operations are in progress in 6 Taluks.	Sufficient ...	Sufficient ...	Do
			16. Raichur District.				
Nil ...	Nil	Fair, but Rabi crops are not satisfactory in Koppal Taluk.	Harvesting of Kharif Jowar, Groundnut in Koppal Taluk and Kharif Jowar, Groundnut and other cereals in Deodurg and Gangavathi Taluks is in progress.	Progressing in 3 Taluks.	Do ...	Available ...	Do

17. Bidar District.

Nil ...	Nil ...	...	The crops are fair ...	Yellow Jowar and Groundnut crops are being harvested in Bhalki Taluk.	....	Do ...	Do ...	Good

18. South Kanara District.

Sufficient in Bantwal and Puttur Taluks, but insufficient in Belthangady Taluk.	Sowing for the II Paddy is in progress in Coondapur Taluk.	The crops are fair ...	Nil	Progress is satisfactory in Karkal Taluk.	Adequate except in Udipi Taluk.	Sufficient ...	Generally healthy

19. Coorg District.

Not beneficial to the Paddy crop.	....	Standing crops are fair ...	Picking of cardamom in Somawarpet, Sanivarasanthe and Ammathy Nads and harvesting of Paddy crop in Virajpet and Sanivarasanthe Nads are in progress.	....	Sufficient ...	Sufficient ...	Do

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, DECEMBER 5, 1959.

The State remained free from Plague during the week as in the previous week. Comparative figures for the corresponding week in 1957 and 1958 were 2 attacks with 1 death and nil attack with nil death respectively.

A total of 39 attacks with 8 deaths from Small-pox were reported from the Taluks of Bangalore South, Hosanagar, Bagewadi, Bangarpet, and in the Town of Tirthahalli and in the Cities of Kolar Gold Fields and Mangalore City.

A total of 75 attacks with 31 deaths from Cholera were reported from Maddur Taluk, Mandya District.

A total of nil attacks with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Influenza and Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 256 (66 in hospitals) for the week, giving a calculated death-rate of 10·5 (7·8 excluding hospital deaths) per mille of population (mid-year estimated) as against (report not received) excluding Hospital deaths for the corresponding period of last year. Classified according to causes of deaths were 24 due to other fevers, 28 due to Dysentery and Diarrhœa, 12 due to Consumption and 192 due to All Other Causes.

The total mortality for Mysore City was 71 (17 in hospitals) for the week representing a calculated death-rate of 10·1 (7·7 excluding hospital deaths) per mille of population (mid-year estimated) as against 6·7 (2·8 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 18 due to Other Fevers, 9 due to Dysentery and Diarrhœa, 4 due to Consumption, and 40 due to All Other Causes.

There were 21 deaths (6 in hospitals) for the week from all causes in Kolar Gold Fields City, equivalent to a calculated death-rate of 5·9 (4·2 excluding Hospital deaths) per mille of population (mid-year estimated) as against 6·9 (4·9 excluding Hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Dysentery and Diarrhœa, 1 due to Small-pox, 1 due to Consumption and 17 due to All Other Causes.

The total mortality for Belgaum City was 40 (15 in Hospitals) for the week, representing a calculated death-rate of 18·2 (11·4 excluding Hospital deaths) per mille of population (mid-year estimated) as against 10·4 (5·2 excluding Hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Other Fevers, 1 due to Dysentery and Diarrhœa, 1 due to Consumption and 36 due to All Other Causes.

The total mortality for Mangalore City was 45 (35 in Hospitals) for the week representing death-rate of 14·7 (32·7 excluding Hospital deaths) per mille of population (mid-year estimated) as against 18·6 (5·7 excluding Hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Typhoid, 3 due to Dysentery and Diarrhœa, 4 due to Consumption and 36 due to All Other Causes.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, DECEMBER 12, 1959.

The State remained free from Plague during the week as in the previous week. Comparative figures for the corresponding week in 1957 and 1958 were nil attack with nil death and nil attack with nil death respectively.

A total of 53 attacks with 4 deaths from Small-pox were reported from the Taluks of Bangarpet, Parasgod, Bagewadi, Haveri, Holalkere, Mandya and Bijapur and Hubli Town and Cities of Kolar Gold Fields and Mangalore.

A total of 26 attacks with 14 deaths from Cholera were reported from Maddur Taluk, Mandya District.

A total of 4 attacks with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Influenza and Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 257 (94 in hospitals) for the week, giving a calculated death-rate of 10·6 (6·8 excluding hospital deaths) per mille of population (mid-year estimated) as against 8·3 (0·83 excluding Hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 21 due to Other Fevers, 24 due to Dysentery and Diarrhœa, 3 due to Consumption and 209 from All Other Causes.

The total mortality for Mysore City was 52 (17 in hospitals) for the week representing a calculated death-rate of 7·4 (5·0 excluding hospital deaths) per mille of population (mid-year estimated) as against 10·6 (6·5 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 10 due to Other Fevers, 5 due to Dysentery and Diarrhœa, 1 due to Typhoid, 3 due to Consumption and 33 due to All Other Causes.

There were 24 deaths (2 in hospitals) for the week from all causes in Kolar Gold Fields City, equivalent to a calculated death-rate of 6·8 (6·2 excluding hospital deaths) per mille of population (mid-year estimated) as against 8·0 (6·3 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 4 due to Dysentery and Diarrhœa, and 20 due to All Other Causes.

The total mortality for Belgaum City was 20 (nil in hospitals) for the week representing a calculated death-rate of 9·1 (nil excluding hospital deaths) per mille of population (mid-year estimated) as against 5·6 (5·6 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Other Fevers, 3 due to Dysentery and Diarrhœa, 1 due to Consumption and 15 due to All Other Causes.

The total mortality for Mangalore City was 20 (10 in hospitals) for the week representing death-rate of 6·5 (3·2 excluding hospital deaths) per mille of population (mid-year estimated) as against 2·0 (2·0 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Other Fevers, 2 due to Dysentery and Diarrhœa, 1 due to Typhoid and 16 due to All Other Causes.

NATIONAL EMPLOYMENT SERVICE IN MYSORE, BANGALORE

NOTIFICATION

Employment seekers in Mysore State will please note the following instructions:

1. Persons residing within the jurisdiction of the area covered by the Employment Exchange should register their names with the respective Employment Exchange.

   For the convenience of the public a statement is appended below showing the particulars of the several Employment Exchanges functioning in the State as also their jurisdiction.

2. Persons residing in the headquarters towns and Cities of the Exchange should personally call at the concerned Exchange for purpose of registration.

   Those residing in mofussil areas may obtain application forms from the Exchange, supplied free of cost on requisition, and submit the application to the concerned Exchange along with the copies of certificates duly attested by a Gazetted Officer.

3. Candidates once registered should periodically renew their registration as per instructions given in the Registration Card (X-10) so long as they need employment assistance.

4. Renewal of registration may be obtained through post by mofussil registrants but Registration Card (X-10) should not be sent to the Exchange for this purpose.

   Those residing in Headquarters Towns and Cities should personally call at the Exchange for renewal.

C. J. PADMANABHA, *Dy. Commr.*

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, JANUARY 2, 1960.

The State remained free from Plague during the week as in the previous week. Comparative figures for the corresponding week in 1958 and 1959 were 4 attacks with 1 death and nil attack with nil death, respectively.

A total of 12 attacks with nil death from Small-pox were reported from the Taluks of Mulbagal, Coondapur, Gokak, Bagewadi and City of Kolar Gold Fields.

A total of 1 attack with 1 death from Cholera were reported from Maddur Town.

A total of 5 attacks with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing fever and Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 239 (41 in hospitals) for the week, giving a calculated death rate of 9·8 (8·1 excluding hospital deaths) per mille of population as against 9·3 (5·9 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 38 due to Dysentery and Diarrhœa, 5 due to consumption and 196 due to All Other Causes.

The total mortality for Mysore City was 23 (3 in hospitals) for the week representing a calculated death-rate of 8·2 (2·8 excluding hospital deaths) per mille of population as against 7·7 (4·9 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 9 due to Other Fevers, 5 due to Dysentery and Diarrhœa and 9 due to All Other Causes.

There were 41 deaths (12 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 11·6 (8·2 excluding hospital deaths) per mille of population (mid-year estimated) as against 1·1 (7·1 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Other Fevers, 3 due to Dysentery and Diarrhœa and 37 due to All Other Causes.

The total mortality for Belgaum City was 15 (nil in hospitals) for the week representing a calculated death-rate of 6·8 (nil excluding hospital deaths) per mille of population (mid-year estimated) as against 6·1 (6·1 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Other Fevers and 13 due to All Other Causes.

The total mortality for Mangalore City was 25 (11 in hospitals) for the week representing death-rate of 8 (4·5 excluding hospital deaths) per mille of population (mid-year estimated) as against 10·1 (excluding 2·3 hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Other Fevers, 3 due to Dysentery and Diarrhœa, 1 due to Typhoid and 19 due to All Other Causes.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, JANUARY 16, 1960.

The State remained free from Plague during the week as in the previous week. Comparative figures for the corresponding week in 1958 and 1959 were nil attacks with nil death and 2 attacks with 2 deaths respectively.

A total of 21 attacks with 6 deaths from Small-pox were reported from the Taluks of Hukeri, Bagewadi, Ron, Bangarpet, Coondapur, Saundatti, Parasgad, Mangalore and in the Cities of Bangalore, Kolar Gold Fields and Malur Town.

The State remained free from cholera during the week.

A total of 5 attacks with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 194 (118 in hospitals) for the week, giving a calculated death rate of 8·0 (3·1 excluding hospital deaths) per mille of population as against 5·7 (2·6 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 24 due to Dysentery and Diarrhœa, 2 due to Small-pox, 6 due to Consumption and 162 due to all other causes.

The total mortality for Mysore City was 96 (49 in hospitals) for the week representing a calculated death-rate of 13·7 (6·7 excluding hospital deaths) per mille of population (mid-year estimated) as against 8·7 (5·2 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 8 due to Other Fevers, 6 due to Dysentery and Diarrhœa, 2 due to Consumption and 80 due to all other causes.

There were 27 deaths (8 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 7·6 (5·3 excluding hospital deaths) per mille of population (mid-year estimated) as against 6·5 (4·3 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Dysentery and Diarrhœa 1 due to Consumption and 24 due to all other causes.

The total mortality for Belgaum City was 1[illegible] hospitals) for the week representing a calculated d[illegible] of 5·4 (nil excluding hospital deaths) per mille [illegible]tion (mid-year estimated) as against 11·4 (10·[illegible] hospital deaths) for the corresponding period [illegible] Classified according to causes of deaths were 3 [illegible] Fevers, and 9 due to all other causes.

The total mortality for Mangalore City w[illegible] hospitals) for the week representing death-ra[illegible] excluding hospital deaths) per mille of popul[illegible] estimated) as against 5·5 (4·9 excluding [illegible] for the corresponding period of last y[illegible] according to causes of deaths were 1 due to [illegible] 4 due to Dysentery and Diarrhoea, 1 due [illegible] and 25 due to all other causes.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, FEBRUARY 13, 1960.

The State remained free from Plague during the week as in the previous week and also corresponding weeks in 1958 and 1959.

A total of 72 attacks with 18 deaths from Small-pox were reported from the Taluks of Bangarpet, Ramdurg Paragad, Gokak, Bangalore South, Kadur, Sindgi, Madhugiri and Navalgund and in the City of Mangalore and in the towns of Malur, Ramdurg and Gokak.

The State remained free from Cholera during the week.

A total of 7 attacks with 1 death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, and Influenza, Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 257 (66 in hospitals) for the week, giving a calculated death rate of 10·5 (7·8 excluding hospital deaths) per mille of population (mid-year estimated) as against report not received (excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 26 due to Dysentery and Diarrhœa. 1 due to Typhoid, 6 due to Consumption and 224 due to All other causes.

The total mortality for Mysore City was 75 (52 in hospitals) for the week representing a calculated death-rate of 10·1 (3·1 excluding hospital deaths) per mille of population (mid year estimated) as against 11·0 (5·0 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 7 due to Other Fevers, 5 due to Dysentery and Diarrhœa, 5 due to Consumption and 58 due to All other causes.

There were 30 deaths (3 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death rate of 8·3 (7·5 excluding hospital deaths) per mille of population (mid-year estimated) as against 4·5 (3·4 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Other Fevers, 8 due to Dysentery and Diarrhœa, 2 due to Consumption and 19 due to all other causes.

The total mortality for Belgaum City was 22 (1 in hospitals) for the week representing a calculated death rate of 9·6 (9·2 excluding hospital deaths) per mille of population (mid-year estimated) as against 8·6 (8·6 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to other Fevers and 2·1 due to all other causes.

The total mortality for Mangalore City was 18 (nil in hospitals) for the week representing a calculated death rate of 5.6 (nil excluding hospital deaths) per mille of population (mid-year estimated) as against 1·6 (1·6 excluding hospital deaths) for the corresponding period of last year, Classified according to causes of deaths were 1 due to Other Fevers 1 due to Typhoid, 3 due to Small-pox, 2 due to Consumption, 9 due to All Other Causes and 2 due to Dysentery and Diarrhœa.

S. T. RODDA,
Director of Public Health.

NATIONAL EMPLOYMENT SERVICE IN MYSORE, BANGALORE

NOTIFICATION

Employment seekers in Mysore State will please note the following instructions:

1. Persons residing within the jurisdiction of the area covered by the Employment Exchange should register their names with the respective Employment Exchange.

   For the convenience of the public a statement is appended below showing the particulars of the several Employment Exchanges functioning in the State as also their jurisdiction.

2. Persons residing in the headquarters towns and Cities of the Exchange should personally call at the concerned Exchange for purpose of registration.

   Those residing in mofussil areas may obtain application forms from the Exchange, supplied free of cost on requisition, and submit the application to the concerned Exchange along with the copies of certificates duly attested by a Gazetted Officer.

3. Candidates once registered should periodically renew their registration as per instructions given in the Registration Card (X-10) so long as they need employment assistance.

4. Renewal of registration may be obtained through post by mofussil registrants but Registration Card (X-10) should not be sent to the Exchange for this purpose.

   Those residing in Headquarters Towns and Cities should personally call at the Exchange for renewal.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, FEBRUARY 27, 1960.

The State remained free from Plague during the week as in the previous week and also corresponding weeks in 1958 and 1959.

A total of 87 attacks with 7 deaths from Small-pox were reported from the Taluks of Kadur, Malavalli, Mandya, Athani, Ramdurg, Gokak, Belgaum, Jamkhandi, Bilgi, Bijapur, Sindgi, Channagiri and in the City of Mangalore.

A total of 10 attacks with 2 deaths from Cholera were reported from Dodballapur town and in the taluk of Navalgund, Dharwar District.

A total of 5 attacks with nil death from Kyasanur Forest Diseases was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Influenza and Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 223 (91 in hospitals) for the week, giving a calculated death-rate of 9·1 (5·4 excluding hospital deaths) per mille of population (mid-year estimated) as against 9·2 (6·3 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 21 due to Dysentery and Diarrhœa, 7 due to Consumption and 195 due to All Other Causes.

The total mortality for Mysore City was 43 (26 in hospitals) for the week representing a calculated death-rate of 5·8 (2·3 excluding hospital deaths) per mille of population (mid-year estimated) as against 7·1 (3·4 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 6 due to other fevers, 4 due to Dysentary and Diarrhœa, 2 due to Consumption and 31 due to All Other Causes.

There were 20 deaths (6 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 5·5 (3·8 excluding hospital deaths) per mille of population (mid-year estimated) as against* (*excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to other fevers, 3 due to Dysentery and Diarrhœa, 1 due to Consumption and 14 due to All Other Causes.

The total mortality for Belgaum City was 17 (nil in hospitals) for the week representing a calculated death-rate of 7.4 (nil excluding hospital deaths) per mille of population (mid-year estimated) as against 23·2 (7·2 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to other Fevers, 1 due to Consumption and 14 due to All Other Causes.

The total mortality for Mangalore City was 8 (nil in hospitals) for the week representing a calculated death-rate of 2·5 (nil excluding hospital deaths) per mille of population (mid-year estimated) as against 14·3 (0·6 excluding hospital deaths) for the corresponding period of last year, Classified according to causes of deaths were 8 due to All Other Causes.

*Report not received.

A. P. BALAKRISHNAN,
For *Chief Inspector of Factories and Boilers.*

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, 23RD APRIL 1960.

The State remained free from Plague during the week as in the previous week and also corresponding week in 1958 and 1959.

A total of 60 attacks with 11 deaths from Small-pox were reported from the Taluks of Hungund, Chikodi, Bukeri, Bagewadi, Bangalore North, Multagal, Jamkhandi, Bagalkot and Maddur and in the City of Kolar Gold Fields and in Towns of Kolar, Bellary and Bagalkot.

A total of 3 attacks with 1 death from Cholera were reported from the taluk of Siddapur, N. K. District.

A total of 18 attacks with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, and Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 252 (57 in hospitals) for the week, giving a calculated death-rate of 10·3 (7·5 excluding hospital deaths) per mille of population (Mid-year population) as against 11·9 (5·2 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 31 due to Dysentery and Diarrhœa, 2 due to Consumption and 219 due to All Other Causes.

The total mortality for Mysore City was 24 (14 in hospitals) for the week representing a calculated death-rate of 3·2 (1·3 excluding hospital deaths) per mille of population (Mid-year estimated) as against 12·8 (6·7 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 4 due to Other Fevers, 1 due to Dysentery and Diarrhœa, 1 due to Typhoid and 18 due to All Other Causes.

There were 15 deaths (5 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 4·1 (2·7 excluding hospital deaths) per mille of population (Mid-year estimated) as against 5·3 (3·9 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 3 due to Other Fevers, 3 due to Dysentery and Diarrhœa, 1 due to Consumption and 8 due to All Other Causes.

The total mortality for Belgaum City was 18 (nil in hospitals) for the week representing a calculated death-rate of 7·9 (nil excluding hospital deaths) per mille of population (Mid-year estimated) as against 5·9 (5·9 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 4 due to Other Fevers, 1 due to Consumption and 13 due to All Other Causes.

The total mortality for Mangalore City was 6 (nil in hospitals) for the week, representing death-rate of 2·8 (nil excluding hospital deaths) per mille of population (Mid-year estimated) as against 7·1 (3·5 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Other Fevers, and 5 due to All Other Causes.

S. T. RODDA,
Director of Public Health.

NATIONAL EMPLOYMENT SERVICE IN MYSORE, BANGALORE

NOTIFICATION

Employment seekers in Mysore State will please note the following instructions:

1. Persons residing within the jurisdiction of the area covered by the Employment Exchange should register their names with the respective Employment Exchange.

   For the convenience of the public a statement is appended below showing the particulars of the several Employment Exchanges functioning in the State as also their jurisdiction.

2. Persons residing in the headquarters towns and Cities of the Exchange should personally call at the concerned Exchange for purpose of registration.

   Those residing in mofussil areas may obtain application forms from the Exchanges supplied free of cost on requisition, and submit the application to the concerned Exchange along with the copies of certificates duly attested by a Gazetted Officer.

3. Candidates once registered should periodically renew their registration as per instructions given in the Registration Card (X-10) so long as they need employment assistance.

4. Renewal of registration may be obtained through post both by mofussil registrants as well as those residing in headquarters of the Employment Exchanges but Registration Card (X-10) should not be sent to the Exchange for this purpose.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, JUNE 11, 1960.

The State remained free from Plague during the week as in the previous week and also in the corresponding weeks in 1958 and 1959.

A total of 59 attacks with 14 deaths from Small-pox were reported from the City of Mangalore and from the towns of Bellary, Belur, Gadag and from the taluks of Athani, Belthangadi, Harapanahally, Kudlige, Ankola, Pandavapura and Ramdurg.

The State remained free from Cholera during the week.

A total of nil attack with nil death from Kyasanur Forest Disease was reported.

The State remained free from Yellow Fever, Relapsing Fever, Influenza and Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 260 (84 in hospitals) for the week giving a calculated death rate of 10·6 (7·2 excluding hospital deaths) per mille of population (mid-year estimated) as against 5·4 (2·8 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 31 due to Dysentery and Diarrhœa, 1 due to Typhoid, 4 due to Consumption and 224 due to All Other Causes.

C. J. PADMANABHA, *Dy. Commr.*

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, JUNE 18, 1960.

The State remained free from Plague during the week as in the previous week and also in the corresponding weeks in 1958 and 1959.

A total of 70 attacks with 14 deaths from Small-pox were reported from the Taluks of Bagepalli, Sampagoan, Saundatti, Gokak, Parasgod, Mangalore, Hiriyur, Sakleshpur, Holalkere, Bijapur, Navalgund, Ankola, Bhadravati, Belthangadi, Pandavapura and Harapanahalli and in the Cities of Bangalore and Mangalore and in Towns of Gadag, Bellary, Kolar and Jamkhandi.

A total of 7 attacks with 2 deaths from Cholera were reported from the Taluks of Hungund and Bijapur and in Town of Ramdurga.

A total of 1 attack with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Infectious Hepatitis and Influenza.

The total mortality for Bangalore Corporation amounted to 266 (85 in hospitals) for the week giving a calculated death rate of 10·9 (7·4 excluding hospital deaths) per mille of population (mid-year estimated) as against 6·2 (4·1 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 30 due to Dysentery and Diarrhœa, 1 due to Typhoid, 1 due to Consumption and 234 due to All Other Causes.

NATIONAL EMPLOYMENT SERVICE IN MYSORE, BANGALORE

NOTIFICATION

Employment seekers in Mysore State will please note the following instructions:

1. Persons residing within the jurisdiction of the area covered by the Employment Exchange should register their names with the respective Employment Exchange.

   For the convenience of the public a statement is appended below showing the particulars of the several Employment Exchanges functioning in the State as also their jurisdiction.

2. Persons residing in the headquarters towns and Cities of the Exchange should personally call at the concerned Exchange for purpose of registration.

   Those residing in mofussil areas may obtain application forms from the Exchanges supplied free of cost on requisition, and submit the application to the concerned Exchange along with the copies of certificates duly attested by a Gazetted Officer.

3. Candidates once registered should periodically renew their registration as per instructions given in the Registration Card (X-10) so long as they need employment assistance.

4. Renewal of registration may be obtained through post both by mofussil registrants as well as those residing in headquarters of the Employment Exchanges but Registration Card (X-10) should not be sent to the Exchange for this purpose.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, JUNE 25, 1960.

The State remained free from Plague during the week as in the previous week and also in the corresponding weeks in 1958 and 1959.

A total of 72 attacks with 12 deaths from Small-pox were reported from the Taluks of Belgaum, Gokak, Kalghatgi, Shirahatti, Udpi, Mangalore, Ganavati, Koppal, Badami, Bilgi, Saundatti, Athani, Kudlige and in the Cities of Kolar Gold Fields and Belgaum, and in the towns of Kolar, Bellary, Hubli and Gadag-Betgere.

The State remained free from cholera during the week.

A total of nil attacks and nil deaths from Kyasanur Forest Diseases was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Infectious Hepatitis and Influenza.

The total mortality for Bangalore Corporation amounted to 253 (63 in hospitals) for the week giving a calculated death rate of 10·3 (7·8 excluding hospital deaths) per mile of population (mid-year estimated) as against 10·3 (7·9 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 45 due to Dysentery and Diarrhœa, 3 due to Smallpox, 3 due to Consumption and 202 due to All Other Causes.

The total mortality for Mysore City was 26 (2 in hospitals) for the week representing a calculated death rate of 3·2 (3·2 excluding hospital deaths) per mille of population (mid-year estimated) as against 5·8 (2·7 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 11 due to Other Fevers, 5 due to Dysentery and Diarrhœa, and 10 due to All Other Causes.

There were 29 deaths (6 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death rate of 8·0 (6·4 excluding hospital deaths) per mille of population (mid-year estimated) as against 8·2 (6·5 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Other Fevers, 6 due to Dysentery and Diarrhœa and 21 due to All Other Causes.

The total mortality for Belgaum City was 43 (26 in hospitals) for the week representing a calculated death rate of 18·8 (7·4 excluding hospital deaths) per mille of population (mid-year estimated) as against 9·1 (9·1 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Other Fevers, 4 due to Dysentery and Diarrhœa, 3 due to Consumption and 34 due to All Other Causes.

The total mortality for Mangalore City was 65 (60 in hospitals) for the week representing death rate of 20·4 (18·8 excluding hospital deaths) per mille of population (mid-year estimated) as against 9·4 (6·5 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Dysentry and Diarrhœa, 5 due to Consumption and 59 due to All Other Causes.

C. J. PADMANABHA, *Dy. Commr.*

DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, JULY 2, 1960.

The State remained free from Plague during the week as in the previous week and also in the corresponding weeks in 1958 and 1959.

A total of 47 attacks with 18 deaths from Smallpox were reported from the Taluks of Chikodi, Bamdurga, Shirahatti, Puttur, Chennapatna, Bagepalli, Mandya, Bhadravati, Belthangadi, Sandur, Raibagh, Navalgand, Hukkeri, Parasgad, Jamkhandi and Bijapur, and in towns of Hubli, Sandur, and Kudligе and in cities of Belgaum, Mangalore and Bangalore.

A total of 6 attacks with 1 death from cholera were reported from the taluks of Haveri and Shiggaon.

A total of nil attack with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Infectious of Hepatitis and Influenza.

The total mortality for Bangalore Corporation amounted to 290 (76 in hospitals) for the week giving a calculated death rate of 11·8 (4·6 excluding hospital deaths) per mille of population (mid-year estimated) as against 9·2 (6·0 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 50 due to Dysentery and Diarrhœa, 2 due to Smallpox, 4 due to Consumption and 234 due to All Other Causes.

The total mortality for Mysore City was 65 (50 in hospitals) for the week representing a calculated death rate of 8·8 (2·0 excluding hospital deaths) per mille of population (mid-year estimated) as against 5·8 (3·2 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 3 due to Other Fevers, 2 due to Dysentery and Diarrhœa, 1 due to Consumption and 59 due to All Other Causes.

There were 11 deaths (4 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death rate of 3·0 (1·9 excluding hospital deaths) per mille of population (mid-year estimated) as against 10·5 (9·3 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Dysentery and Diarrhœa, 1 due to Consumption and 8 due to All Other Fevers.

The total mortality for Belgaum City was 25 (nil in hopitals) for the week representing a calculated death rates of 11·0 (nil excluding hospital deaths) per mille of population mid-year estimated) as against 5·0 (5·0 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Other Fevers, 3 due to Dysentery and Diarrhœa, 1 due to Typhoid and 20 due to all other Causes.

The total mortality for Mangalore City was 5 (nil in hospitals) for the week representing death rate of 1·5 (nil excluding hospital deaths) per mille of population (mid-year estimated) as against 30·4 (8·1 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Typhoid, 1 due to Consumption and 3 due to All Other Causes.

NATIONAL EMPLOYMENT SERVICE IN MYSORE, BANGALORE

NOTIFICATION

Employment seekers in Mysore State will please note the following instructions:

1. Persons residing within the jurisdiction of the area covered by the Employment Exchange should register their names with the respective Employment Exchange.

   For the convenience of the public a statement is appended below showing the particulars of the several Employment Exchanges functioning in the State as also their jurisdiction.

2. Persons residing in the headquarters towns and Cities of the Exchange should personally call at the concerned Exchange for purpose of registration.

   Those residing in mofussil areas may obtain application forms from the Exchanges supplied free of cost on requisition, and submit the application to the concerned Exchange along with the copies of certificates duly attested by a Gazetted Officer.

3. Candidates once registered should periodically renew their registration as per instructions given in the Registration Card (X-10) so long as they need employment assistance.

4. Renewal of registration may be obtained through post both by mofussil registrants as well as those residing in headquarters of the Employment Exchanges but Registration Card (X-10) should not be sent to the Exchange for this purpose.

Statement of Employment Exchanges functioning in the State.

DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, JULY 9, 1960.

The State remained free from Plague during the week as in the previous week and also in the corresponding periods in 1958 and 1959.

A total of 52 attacks with 12 deaths from Small-pox were reported from the Taluks of Bangalore North, Chitradurga, Mudigere, Chikodi, Sampgoan, Belthangadi, Bhadravati, Siraguppa, Badami, Navalgund, Mangalore, Putter and in the cities of Mangalore and Bangalore and in the town of Udipi.

The State remained free from cholera during the week.

A total of 1 attack with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Infectious Hepatitis and Influenza

The total mortality for Bangalore Corporation amounted to 278 (8·4 in hospitals) for the week giving a calculated death-rate of 11·3 (7·9 excluding hospital deaths) per mille of population (mid-year estimated) as against 7·6 (4·1 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 45 due to Dysentery and Diarrhœa, 3 due to Small-pox, 4 due to Consumption and 226 due to All Other Causes.

The total mortality for Mysore City was 44 (20 in hospital) for the week representing a calculated death-rate of 5·9 (3·2 excluding hospital deaths) per mille of population (mid-year estimated) as against 8·7 (4·5 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 5 due to Other Fevers, 8 due to Dysentery and Diarrhœa, 3 due to Consumption and 28 due to All Other Causes.

There were 26 deaths (1 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 7·2 (6·9 excluding hospital deaths) per mille of population (mid-year estimated) as against 7·6 (5·6 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 8 due to Other Fevers, 3 due to Dysentery and Diarrhœa, and 15 due to All Other Causes.

The total mortality for Belgaum City was 21 (1 in hospital) for the week representing a calculated death-rate of 9·2 (8·8 excluding hospital deaths) per mille of population mid-year estimated) as against 7·2 (nil excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Other Fevers, 3 due to Dysentery and Diarrhœa, 2 due to Consumption and 14 due to all Other Causes.

The total mortality for Mangalore City was 17 (11 in hospitals) for the week representing death-rate of 5·3 (1·8 excluding hospital deaths) per mille of population (mid-year estimated) as against 3·5 (3·3 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 3 due to Consumption and 14 due to All Other Causes.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, JULY 16, 1960.

The State remained free from Plague during the week as in the previous week and also in the corresponding weeks in 1958 and 1959.

A total of 53 attacks with 11 deaths from Small-pox were reported from the Taluks of Mulbagal, Kudlige, Ankola, Athani, Koratagere and in the Cities of Bangalore, Kolar Gold Fields and Mangalore and in the towns of Gadag.

The State remained free from cholera during the week.

A total of 1 attack with nil deaths from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Infectious Hepatitis and Influenza.

The total mortality for Bangalore Corporation amounted to 237 (63 in hospitals) for the week giving a calculated death rate of 9·7 (7·1 excluding hospital deaths) per mile of population (mid-year estimated) as against 8·8 (6·1 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 51 due to Dysentery and Diarrhœa, 3 due to Smallpox, and 183 due to All Other Causes.

The total mortality for Mysore City was 49 (35 in hospitals) for the week representing a calculated death rate of 6·6 (1·0 excluding hospital deaths) per mille of population (mid-year estimated) as against 7·7 (5·5 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Other Fevers, 2 due to Consumption and 45 due to All Other Causes.

There were 13 deaths (2 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death rate of 3·6 (3·0 excluding hospital deaths) per mille of population (mid-year estimated) as against 13·3 (9·6 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Dysentery and Diarrhœa 1 due to Consumption and 10 due to All Other Causes.

The total mortality for Belgaum City was 14 (nil in hospitals) for the week representing a calculated death rate of 6·1 (nil excluding hospital deaths) per mille of population (mid-year estimated) as against 26·4 (7·7 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Dysentery and Diarrhœa, and 13 due to all Other Causes.

The total mortality for Mangalore City was 3 (nil in hospitals) for the week representing death rate of 0·9 (nil excluding hospital deaths) per mille of population (mid-year estimated) as against 7·8 (6·8 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Other Fevers, and 2 due to All Other Causes.

S. T. RODDA,
Director of Public Health.

NATIONAL EMPLOYMENT SERVICE IN MYSORE, BANGALORE

NOTIFICATION

Employment seekers in Mysore State will please note the following instructions:

1. Persons residing within the jurisdiction of the area covered by the Employment Exchange should register their names with the respective Employment Exchange.

   For the convenience of the public a statement is appended below showing the particulars of the several Employment Exchanges functioning in the State as also their jurisdiction.

2. Persons residing in the headquarters towns and Cities of the Exchange should personally call at the concerned Exchange for purpose of registration.

   Those residing in mofussil areas may obtain application forms from the Exchanges supplied free of cost on requisition, and submit the application to the concerned Exchange along with the copies of certificates duly attested by a Gazetted Officer.

3. Candidates once registered should periodically renew their registration as per instructions given in the Registration Card (X-10) so long as they need employment assistance.

4. Renewal of registration may be obtained through post both by mofussil registrants as well as those residing in headquarters of the Employment Exchanges but Registration Card (X-10) should not be sent to the Exchange for this purpose.

Statement of Employment Exchanges functioning in the State.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, JULY 25, 1960.

The State remained free from Plague during the week as in the previous week as also during the corresponding weeks in 1958 and 1959.

A total of 71 attacks with 21 deaths from Small-pox were reported from the Taluks of Harapanahalli Muddebihal, Sandur, Mandya, Hadagalli, Bijapur, Bagewadi and Gadag and in towns of Gadag, Udipi, Sandur, Bijapur and Bantwal and in Cities of Bangalore, Mangalore and Kolar Gold Fields.

The State remained free from cholera during the week.

A total of nil attack and nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Infectious Hepatitis and Influenza.

The total mortality for Bangalore Corporation amounted to 254 (79 in hospitals) for the week giving a calculated death-rate of 10·4 (7·1 excluding hospital deaths) per mille of population (mid-year estimated) as against 9·6 (6·0 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 47 due to Dysentery and Diarrhœa, 4 due to Small-pox, 3 due to Consumption and 200 due to All Other Causes.

The total mortality for Mysore City was 61 (20 in hospitals) for the week representing a calculated death-rate of 8·2 (5·6 excluding hospital deaths) per mille of population (mid-year estimated) as against 9·4 (6·2 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 8 due to Other Fevers, 4 due to Dysentery and Diarrhœa, 4 due to Consumption and 45 due to All Other Causes.

There were 31 deaths (3 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 8·6 (7·7 excluding hospital deaths) per mille of population (mid-year estimated) as against 10·5 (10·5 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Typhoid, 6 due to Other Fevers, 1 due to Dysentery and Diarrhœa, and 1 due to Consumption and 22 due to All Other Causes.

The total mortality for Belgaum City was 16 (nil in hospitals) for the week representing a calculated death-rate of 7·0 (nil excluding hospital deaths) per mille of population (mid-year estimated) as against 15·0 (6·8 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Other Fevers, 1 due to Dysentery and Diarrhœa, and 14 due to all Other Causes.

The total mortality for Mangalore City was 28 (19 in hospitals) for the week representing death-rate of 8·8 (2·8 excluding hospital deaths) per mille of population (mid-year estimated) as against 20·2 (7·8 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Other Fevers, 2 due to Consumption and 25 due to All Other Causes.

NATIONAL EMPLOYMENT SERVICE IN MYSORE, BANGALORE

NOTIFICATION

Employment seekers in Mysore State will please note the following instructions:

1. Persons residing within the jurisdiction of the area covered by the Employment Exchange should register their names with the respective Employment Exchange.

   For the convenience of the public a statement is appended below showing the particulars of the several Employment Exchanges functioning in the State as also their jurisdiction.

2. Persons residing in the headquarters towns and Cities of the Exchange should personally call at the concerned Exchange for purpose of registration.

   Those residing in mofussil areas may obtain application forms from the Exchanges supplied free of cost on requisition, and submit the application to the concerned Exchange along with the copies of certificates duly attested by a Gazetted Officer.

3. Candidates once registered should periodically renew their registration as per instructions given in the Registration Card (X-10) so long as they need employment assistance.

4. Renewal of registration may be obtained through post both by mofussil registrants as well as those residing in headquarters of the Employment Exchanges but Registration Card (X-10) should not be sent to the Exchange for this purpose.

Statement of Employment Exchanges functioning in the State.

General Weekly Summary Report of the Mysore State for the Week ending Wednesday, the 3rd August 1960.

Rainfall	Sowing/Transplantation	Condition of standing crops	Harvest	General progress of agricultural operations	Water supply	Fodder and pasture	Condition of cattle
1	2	3	4	5	6	7	8
			1. Bangalore District.				
Insufficient ...	Sowing is nearing completion in some Taluks and transplantation of Paddy is in progress in Magadi Taluk.	Standing crops are fair ...	.....	Progress is fair in 5 Taluks.	Sufficient ...	Sufficient ...	Generally healthy
			2. Kolar District.				
Do ...	Sowing is in progress in some Taluks.	Do ...	.....	Sowing operations are held up for want of rains in certain parts of Chintamani Taluk.	Sufficient except from tanks of Gowribidanur and Bagepalli Taluks.	Do ...	Do
			3. Tumkur District.				
Do ...	Sowing of Ragi and other dry crops is going on.	Standing Paddy, Ragi and Jola crops are fair, but the crops are in need of rains in Tumkur Taluk.	Summer Paddy is being harvested in some parts of Tiptur, Gubbi, Turuvekere and Chiknaikanhalli Taluks.	Progressing ...	Sufficient except from tanks of Sira, Madhugiri Taluks and 2 hoblies of Gubbi Taluk.	Do ...	Do
			4. Mysore District.				
Sufficient in K.R. Nagar, Periyapatna, H.D. Kote and Nanjangud Taluks.	Sowing of Ragi in T.-Narasipur Taluk and Transplantation of Paddy in most of the Taluks are in progress.	Standing crops are in fair condition.	Jola crop in Yelandur Taluk, G. Nut crop in K.R. Nagar Taluk, G. Nut and Karpaddy in Nanjangud Taluk are being harvested.	Transplantation is held up for want of Water Supply in Yelandur Taluk.	Sufficient except in Kollegal Taluk.	Sufficient except in Kollegal Taluk where scarcity is felt.	Do
			5. Mandya District.				
Sufficient in Mandya Taluk but slight rainfall in Malavally and K.R. Pet Taluks.	Transplantation of paddy is in progress.	Standing Paddy, Ragi, Jola and sugarcane crops are fair.	Karpaddy in Malavally Taluk and Sugarcane in Mandya, Maddur Taluks are being harvested.	Progress is fair ...	Sufficient ...	Available ...	Do
			6. Hassan District.				
Sufficient in Hassan, Alur Taluks and moderate rainfall in other Taluks.	Transplantation of Paddy is done in most of the Taluks, and Sowing of Ragi, Avare in Hassan Taluk is in progress.	Standing crops are in fair condition.	Summer Paddy is being harvested in Arsikere Taluk.	Do ...	Insufficient in Hassan, Arsikere and Arkalgud Taluks.	Do ...	Do
			7. Chikmagalur District.				
Sufficient ...	Transplantation of Paddy is in progress.	Standing Paddy, Sugarcane, Coffee and Areca crops are fair.	Picking of Areca is in progress in Sringeri and Tarikere Taluks.	Do ...	Sufficient ...	Do ...	Do

1	2	3	4	5	6	7	7
			8. Shimoga District.				
Sufficient but insufficient in Shikaripur Taluk.	Sowing of Ragi, Jola in Bhadravathi Taluk and transplantations of Paddy in some Taluks are in progress.	Standing crops are fair ...	Nil	Agriculture operations are in progress.	Do ...	Do ...	Do
			9. Chitradurga District.				
Sufficient in Holalkere, Harihar Taluks but insufficient in Jagalur, Hosadurga Taluks.	Sowing of Horsegram, Navane, Cotton in Jagalur Taluk, Ragi, Samai, Navane, Sajje, Cotton in Chitradurga Taluk and transplantation of Ragi, Paddy in Challakere Taluk Ragi, Chillies in Hosadurga Taluk, Sowing of Cotton, Navane and transplantation of Paddy in Hiriyur Taluk are in progress.	Standing crops are fair except in Chitraldruga Taluk and in 2 Villages of Challakere Taluk where the crops are withering for want of rains.	Harvesting of Giddaragi in Molakalmuru and Challakere Taluks is going on.	Progressing in 5 Taluks.	Do ...	Do ...	Generally healthy except for the prevalence of H.S. Disease in 3 villages of Hosadurga Taluk.
			10. Bellary District.				
Insufficient ...	Sowing of Mungari crops is nearing completion in some Tqs. and transplantation of paddy is in progress in Siruguppa and Sandur Taluks.	Standing crops are fair but urgent rains are needed for the crops in some Taluks.	Nil	Sowing is held up for want of rains in some parts of Siruguppa Taluk.	Adequate except in some parts of Hadagalli and Siruguppa Taluks.	Scarcity for fodder is felt in some villages of Bellary Siruguppa and Hadagalli Taluks.	Generally healthy.
			11. Bijapur District.				
Insufficient ...	Sowing of Kharif crops is in full swing in Muddebihal Taluk and nearly completed in most of the Taluks.	Standing crops are fairing well except in Badami, Indi Tqs. and in some parts of Hungund Taluk where the crops are withering for want of rains.	Nil ...	Agricultural operations are in progress in 5 Taluks.	Sufficient except in 4 villages of Badami Taluk.	Scarcity for fodder is felt in Hungund, Bilgi Taluks and in some villages of Bagewadi Taluk.	Do
			12. Belgaum District.				
Sufficient except in 3 taluks.	Sowing of Kharif crops is nearing completion in Gokak Taluk and nearly completed in other Tqs.	Standing Kharif crops are fair...	Nil ...	Progressing in 5 Taluks.	Adequate ...	Adequate ...	Generally healthy except for the prevalence of Epizooti in Anantapur village of Athan Taluk.
			13. Dharwar District.				
Insufficient in 6 Taluks and moderate in other Tqs.	Sowing of Kharif crops such as Jowar, G. Nut, etc., in a few Tqs. and transplantation of Paddy, Chillies in Kalghatgi Tq. and Chillies in Hirekerur, Haveri Taluks are in progress.	Standing crops are fair except in Hubli, Hirekerur and Gadag Taluks where the crops are in need of rains.	Nil	Sowing of Kharif crops is held up for want of rains in Nargund Taluk.	Adequate except in Nargund Taluk.	Available except in Mundargi and Gadag Taluks where scarcity is felt.	Generally healthy
			14. North Kanara District.				
Sufficient ...	Transplantation of paddy is in progress in some Tqs.	Standing crops are fair ...	Nil ...	Progress is air ...	Adequate ...	Adequate ...	Generally healthy, but "Foot and Mouth disease" is prevailing in Yellapur Taluk.

				15. Gulbarga District.					
Beneficial though insufficient in some Taluks.	Sowing of Bajra has commenced in Chincholi Tq.	Standing crops are fair, but the Kharif crops in Yadgir Taluk are affected by "insects" and due to scarcity of rainfall.	Nil	... ...	Agricultural operations are in progress in 4 Taluks.	Sufficient except in Chincholi Taluk where it is insufficient.	Do ...	Generally healthy	
				16. Raichur District.					
Insufficient ...	Sowing of Horsegram in Yelburga Tq. and transplantation of paddy in Koppal Taluk are in progress.	Standing crops are withering for want of rain in most of the Taluks.	Nil	... ...	Agricultural operations are in progress in 4 Taluks.	Insufficient from tanks of Yelburga, Raichur Taluks and in some villages of Deodurg Taluk.	Scarcity is felt in some parts of Koppal, Lingsugur Yelburga and Raichur Taluks.	Do	
				17. Bidar District.					
.....	.....	Standing crops are fair ...	Nil	... ...	Weeding is in progress in Bhalki Taluk.	Sufficient ...	Sufficient ...	Do	
				18. South Kanara District.					
Sufficient ...	Transplantation of paddy is in progress in Karkal Taluk and is nearing completion on Coondapur Tq.	Standing crops are fair except in Puttur Taluk where paddy crop is not up to the mark.	Nil	... ...	Agricultural operations are in progress.	Do ...	Do ...	Do	
				19. Coorg District.					
Sufficient in Mercara Taluk.	Transplantation of paddy is nearing completion in Mercara Taluk.	Fair	Nil	... ...		D ...	Do ...	Do

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, 20th AUGUST 1960.

A total of 4 attacks with 2 deaths from Plague was reported from Samshettyhalli Village, Malur Taluk, Kolar District, the week against nil attacks with nil deaths in the previous week.

Comparative figures for the corresponding week in 1958 and 1959 were nil attacks with nil deaths respectively.

A total of 36 attacks with 7 deaths from Smallpox were reported from the Taluks of Mundargi, Hadagalli, Sampgoan, Gokak, Sirsi, Udipi, Gadag and Navalgund and in cities of Bangalore and Kolar Gold Fields.

The State remained free from Cholera during the week

A total of nil attacks with nil deaths from Kyasanur Forest Diseases was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Infectious Hepatitis and Influenza.

The total mortality for Bangalore Corporation amounted to 228 (43 in hospitals) for the week giving a calculated death rate of 9·3 (7·5 excluding hospital deaths) per mille of population (mid-year estimated) as against 13·6 (10·6 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths, 46 were due to Dysentery and Diarrhœa, 1 due to Typhoid, 2 due to Smallpox, 3 due to Consumption and 176 due to All Other Causes.

The total mortality for Mysore City was 62 (23 in hospitals) for the week representing a calculated death rate of 8·4 (5·2 excluding hospital deaths) per mille of population (mid-year estimated) as against 12·1 (8·5 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths 6 were due to Other Fevers, 3 due to Dysentery and Diarrhœa, 3 due to Typhoid, 1 due to Consumption and 49 due to All Other Causes.

There were 41 deaths (3 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death rate of 11·4 (10·5 excluding hospital deaths) per mille of population (mid-year estimated) as against 6·2 (4·8 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths 5 due to Dysentery and Diarrhœa, 4 due to Consumption and 32 due to All Other Causes.

The total mortality for Belgaum City was 26 (1 in hospitals) for the week representing a calculated death rate of 11·4 (11·0 excluding hospital deaths) per mille of population (mid-year estimated) as against 5·9 (5·9 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths 1 was due to Other Fevers, 2 due to Dysentery and Diarrhœa, 1 due to Typhoid, 1 due to Consumption and 21 due to All Other Causes.

The total mortality for Mangalore City was 19 (15 in hospitals) for the week representing death rate of 5·9 (1·2 excluding hospital deaths) per mille of population (mid-year estimated) as against 2·9 (2·9 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths 2 were due to Other Fevers, 2 due to Dysentery and Diarrhœa, 1 due to Consumption and 14 due to All Other Causes.

NATIONAL EMPLOYMENT SERVICE IN MYSORE, BANGALORE

NOTIFICATION

Employment seekers in Mysore State will please note the following instructions:

1. Persons residing within the jurisdiction of the area covered by the Employment Exchange should register their names with the respective Employment Exchange.

   For the convenience of the public a statement is appended below showing the particulars of the several Employment Exchanges functioning in the State as also their jurisdiction.

2. Persons residing in the headquarters towns and Cities of the Exchange should personally call at the concerned Exchange for purpose of registration.

   Those residing in mofussil areas may obtain application forms from the Exchanges supplied free of cost on requisition, and submit the application to the concerned Exchange along with the copies of certificates duly attested by a Gazetted Officer.

3. Candidates once registered should periodically renew their registration as per instructions given in the Registration Card (X-10) so long as they need employment assistance.

4. Renewal of registration may be obtained through post both by mofussil registrants as well as those residing in headquarters of the Employment Exchanges but Registration Card (X-10) should not be sent to the Exchange for this purpose.

Statement of Employment Exchanges functioning in the State.

K. MAHADEVAIAH,
For *State Statistician.*

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, AUGUST 27, 1960.

The State remained free from Plague during the week as against 4 attacks and 2 deaths reported in the previous week. Comparative figures for the corresponding weeks in 1958 and 1959 were nil attacks and deaths.

A total of 24 attacks with 4 deaths from Small-pox were reported from the Taluks of Bangalore North, Bangalore South, Mulbagal, Ron, Mercara, Mangalore and Mundargi and in the Cities of Bangalore and Mangalore.

The State remained free from Cholera during the week.

A total of nil attack with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow fever, Relapsing Fever, Infectious Hepatitis and Influenza.

The total mortality for Bangalore Corporation amounted to 229 (64 in hospitals) for the week giving a calculated death-rate of 9·3 (6·7 excluding hospital deaths) per mille of population (mid-year estimated) as against 10·5 (7·2 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 42 due to Dysentery and Diarrhœa, and 187 due to All Other Causes.

The total mortality for Mysore City was 39 (7 in hospitals) for the week representing a calculated death-rate of 5·3 (4·3 excluding hospital deaths) per mille of population (mid-year estimated) as against 11·8 (6·4 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 7 due to Other Fevers, 2 due to Dysentery and Diarrhœa, 2 due to Consumption and 28 due to All Other Causes.

There were 20 deaths (4 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 5·5 (4·4 excluding hospital deaths) per mille of population (mid-year estimated) as against 14·2 (11·0 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Other Fevers, 3 due to Dysentery and Diarrhœa, 1 due to Consumption and 15 due to All Other Causes.

The total mortality for Belgaum City was 18 (nil in hospitals) for the week representing a calculated death-rate of 7·9 (nil excluding hospital deaths) per mille of population (mid-year estimated) as against 6·8 (6·8 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Other Fevers and 17 due to All Other Causes.

The total mortality for Mangalore City was 29 (24 in hospitals) for the week representing a death-rate of 9·1 (1·5 excluding hospital deaths) per mille of population (mid-year estimated) as against 4·5 (4·5 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Other Fevers, 2 due to Typhoid, 2 due to Consumption and 24 due to All Other Causes.

NATIONAL EMPLOYMENT SERVICE IN MYSORE, BANGALORE

NOTIFICATION

Employment seekers in Mysore State will please note the following instructions:

1. Persons residing within the jurisdiction of the area covered by the Employment Exchange should register their names with the respective Employment Exchange.

   For the convenience of the public a statement is appended below showing the particulars of the several Employment Exchanges functioning in the State as also their jurisdiction.

2. Persons residing in the headquarters towns and Cities of the Exchange should personally call at the concerned Exchange for purpose of registration.

   Those residing in mofussil areas may obtain application forms from the Exchanges supplied free of cost on requisition, and submit the application to the concerned Exchange along with the copies of certificates duly attested by a Gazetted Officer.

3. Candidates once registered should periodically renew their registration as per instructions given in the Registration Card (X-10) so long as they need employment assistance.

4. Renewal of registration may be obtained through post both by mofussil registrants as well as those residing in headquarters of the Employment Exchanges but Registration Card (X-10) should not be sent to the Exchange for this purpose.

NATIONAL EMPLOYMENT SERVICE IN MYSORE, BANGALORE

NOTIFICATION

Employment seekers in Mysore State will please note the following instructions:

1. Persons residing within the jurisdiction of the area covered by the Employment Exchange should register their names with the respective Employment Exchange.

   For the convenience of the public a statement is appended below showing the particulars of the several Employment Exchanges functioning in the State as also their jurisdiction.

2. Persons residing in the headquarters towns and Cities of the Exchange should personally call at the concerned Exchange for purpose of registration.

   Those residing in mofussil areas may obtain application forms from the Exchanges supplied free of cost on requisition, and submit the application to the concerned Exchange along with the copies of certificates duly attested by a Gazetted Officer.

3. Candidates once registered should periodically renew their registration as per instructions given in the Registration Card (X-10) so long as they need employment assistance.

4. Renewal of registration may be obtained through post both by mofussil registrants as well as those residing in headquarters of the Employment Exchanges but Registration Card (X-10) should not be sent to the Exchange for this purpose.

Statement of Employment Exchanges functioning in the State.

1000—9 c 40

General Weekly Summary Report of the Mysore State for the Week ending Wednesday, the 7th September 1960.

Rainfall	Sowing/Transplantation	Condition of standing crops	Harvest	General progress of agricultural operations	Water supply	Fodder and pasture	Condition of cattle
1	2	3	4	5	6	7	8
1. Bangalore District.							
Rainfall is moderate in some Tqs. except in Doddaballapur Tq. where it is nil.	Transplantation of Paddy in Magadi Tq. and sowing of Ragi, Groundnut, Pulses and Kar Paddy in Channapatna Tq. are in progress.	Standing crops are fair ...	Nil	Progressing in 4 Taluks.	Sufficient except in Anekal and Nelamangala Taluks.	Available except in Anekal Taluk.	Generally good.
2. Kolar District.							
Meagre rainfall in Gudibanda, Bangarpet, Gowribidanur, Siddlaghatta, Mulabagal and Kolar Tqs. and nil in other Taluks.	Transplantation of Paddy is in progress in one Hobli of Mulbagal Tq.	Crops are withering for want of rain throughout the District	Nil	Progressing in 5 Taluks.	Scarcity for water is felt all over the District.	Inadequacy is felt in most of the Taluks except in Bangarapet, Siddlaghatta and Kolar Taluks	Good except for the prevalence of Cattle disease in some parts of Gudibanda Tq. and at 3 villages of Mulbagal Taluk.
3. Tumkur District.							
Rainfal was insufficient except in Sira and Koratagere Tqs. where there was no rainfall.	Completed ...	Dry crops are withering for want of rain in almost all the Taluks.	Harvesting of Paddy in Turuvekere and Chickanayakanahalli Tqs. is in progress.	Progress is fair in 2 Taluks.	Insufficiency is felt in most of the Taluks except in Chiknayakanahally Taluk.	Sufficient except in Sira, Koratagere and Madhugiri Taluks.	Generally healthy.
4. Mysore District.							
No rainfall during the week except in Periyapatna and Mysore Tqs. where there were light showers.	Transplantation of Tobacco is in progress in Periyapatna Taluk.	Dry crops are withering in most of the Tqs. for want of rain.	Harvesting of Jola in Gundlupet Tq. is in progress and completed in other Taluks.	Agricultural operations are held up for want of rains in most of the Taluks.	Insufficiency is felt in all the Taluks except in Hunsur, K. R. Nagar, Gundlupet and H.D. Kote Taluks.	Available except in Kollegal and Nanjangud Taluks.	Good except for the prevalence of Cattle disease in 2 villages of Nanjangud Taluk.
5. Mandya District.							
Light showers in K.R. Pet, Maddur, Nagamangala and Malavally Tqs. and nil in other Taluks.	Transplantation of Paddy in Maddur and Malavally Tqs. and Sugarcane in Pandavapura and Mandya Tqs. are in progress	Crops are fading in Mandya, Malavally, K.R. Pet and Nagamangala Taluks for want of rains.	Crushing of Sugarcane in Maddur, Mandya and Pandavapura Taluks and Kar Paddy in Malavally Tq. is in progress.	Progress is fair in 2 Taluks.	Adequate except in Malavally, K. R. Pet and Nagamangala Taluks.	Sufficient except in parts of Malavally, K R Pet, Maddur and Nagamangala Taluks	Good.
6. Hassan District.							
There was no rainfall except in Alur and Arsikere Tqs. where there were lights showers.	Transplantation of Paddy is held up in some Tqs. for want of rain.	Crops are withering for want of rains throughout the District.	Harvesting of Gidda Ragi in Alur and Holenarasipur Tqs. is in progress.	Agricultural operations are held up for want of rains in some Tqs.	Scarcity for water is felt in most of the Taluks.	Available except in Arsikere Taluk.	Generally healthy.
7. Chikmagalur District.							
Insufficient except in Sringeri and Mudigere Tqs.	Nil	Crops are fair except in Mudigere and Kadur Tqs. where crops are withering for want of rain.	Nil	Progressing in 2 Taluks.	Adequate except in Mudigere Taluk.	Available except in Kadur Taluk.	Good except for the prevalence of H.S. disease in some parts of Mudigere Tq. and Foot and Mouth disease in some parts of Kadur Tq.

1	2	3	4	5	6	7	8
			8. Shimoga District.				
Insufficient except in Shikaripur Tq. where there was no rain.	Sowing of Horsegram in Bhadravathi Taluk and Transplantation of Paddy in Thirthahally Taluk are in progress.	Crops are fair except in Honnali and Bhadravathi Tqs. where the crops are in need of urgent rain.	Harvesting of Save in one Hobli of Honnali Tq. and picking of Groundnut in Channagiri Tq. are in progress.	Progressing in 6 Taluks.	Sufficient ...	Adequate ...	Good.
			9. Chitradurga District.				
Sufficient in Holalkere, light showers in Haribar, Molakalmuru, Hosadurga and Chitradurga Tqs. and nil in other Taluks.	Sowing and Transplantation of Paddy in Molakalmuru Taluk. Sowing of Cavane and Horsegram in Hosadurga Taluk are in progress.	Crops are fading for want of rains in most of the Taluks.	Crushing of Sugarcane and Harvesting of Ragi in Hiriyur Tq. Gidda Ragi in Chitradurga Taluk are in progress.	Agricultural operations are in progress in some Taluks.	Scarcity for water is felt in most of the Taluks.	Available except in parts of Chitradurga Taluk.	Good except at one village of Hosadurga Tq. where cattle disease is prevailing.
			10. Bellary District.				
Moderate rainfall throughout the District except in Harapanahalli Tq. where there were light showers.	Nil	Dry crops are fading for want of rains in Mallapuram, Siruguppa and Hadagalli Taluks.	Harvesting of Groundnut in Harapanahalli and Picking of Cotton in Sandur Taluk are in progress.	Progressing in 5 Taluks.	Insufficiency is felt throughout the District except in Harapanahalli and Hospet Tqs.	Available except in parts of Siruguppa and Hadagalli Tqs.	Good.
			11. Bijapur District.				
Rainfall is beneficial to Kharif crops except in Mudhol Taluk.	Sowing of Cotton is held up for want of rains in Mudhol and Bagewadi Taluks.	Kharif crops are thriving due to recent rains in some Taluks except in Mudhol Tq. where crops are fading.	Nil	Ploughing operations in rabi-lands are in progress in 5 Taluks.	Sufficient except in parts of Mudhol Taluk.	Fodder scarcity is felt in parts of Hungund, Bagalkot, Muddebihal and Bagewadi Taluks.	Good.
			12. Belgaum District.				
Rainfall is moderate throughout the District except in Khanapur Tq. where there was no rainfall.	Planting of Tobacco in Hukeri, Chikodi Taluks. Sowing of Cotton in Sampagaon Tq. Sowing of Rabi crops in Gokak and Parasgod Taluks are in progress.	Fair except in Ramdrug Tq. where crops are withering for want of rain.	Picking of Groundnut in Sampagaon and Ramdrug Tqs. is in progress.	Weeding and other agricultural operations are in progress in most of the Taluks.	Adequate ...	Sufficient except in Athani and Parasgad Taluks where scarcity is felt.	Good except for the prevalence of Epizootic disease at one village of Athani Taluk.
			13. Dharwar District.				
Rainfall is insufficient but beneficial to crops.	Sowing of Cotton has just commenced in some Taluks.	Crops are thriving due to recent rains in all the taluks. Rain is urgently required.	Harvesting of Save is nearing completion in Byadgi Taluk. Picking up of G. Nut is in progress in Gadag and Hubli Taluks.	Agriculturists are engaged in preparing lands for cotton Sowing in some taluks.	Sufficient but scarcity is felt in parts of Byadgi, Mundargi, Gadag, Ron and Hirekerur Taluks.	Available except in Mundargi, Ron and Gadag Taluks.	Good
			14. North Kanara District.				
Moderate rainfall throughout the District except in Yellapur and Haliyal Taluks, where rainfall is insufficient.	Transplantation of Paddy in Supa Taluk is still in progress.	Crops are generally fair ...	Picking of Betelnut is in progress in Kumta and Bhatkal Taluks.	Weeding and other agrl. operations are in progress in most of the Taluks.	Sufficient ...	Adequate ...	Good

15. Gulbarga District.

Rainfall is beneficial to crops and for Agrl. purposes.	Sowing of cotton has just commenced in Shapur Tq.	Crops are improving due to recent rains in most of the Taluks.	Moong and Mash in Chincholi is in progress.	Agriculturists are busy in preparing lands for the R bi sowing in 3 Tqs	Sufficient except in Yadgir, Sedam Aland and Chincholi Taluks where scarcity for water is felt.	Scarcity for fodder is felt in most of the Taluks.	Good	...

16. Raichur District.

Rainfall is sufficient and beneficial to crops in most of the Taluks.	Sowing of Cotton has just commenced in Yelburga Taluks.	Condition of crops are not good but in some Taluks the crops are improving due to recent rains.	Nil	...	Agriculturists are busy in preparing lands for Rabi Sowing in 2 Tqs. 1000—s c 40

General Weekly Summary Report of the Mysore State for the Week ending Wednesday, the 14th September 1960.

Rainfall	Sowing/Transplantation	Condition of standing crops	Harvest	General progress of agricultural operations	Water supply	Fodder and pasture	Condition of cattle
1	2	3	4	5	6	7	8
			1. Bangalore District.				
The rains that occurred though insufficient, are beneficial to the standing crops.	Transplantation of Paddy under some tanks of Magadi, Ramanagaram and Kanakapur Taluks is going on.	Condition of standing crops is average, but due to recent rains the crops are showing signs of improvement.	Nil	.....	Sufficient except from tanks of Kanakapura, Anekal and Nelamangala Taluks.	Sufficient ...	Generally fair
			2. Kolar District.				
Insufficient ...	Paddy is being transplanted in some parts of Gowribidanur Taluk under irrigation wells.	Standing crops are withering for want of rains in most of the Taluks.	Nil	Agricultural operations are held up for want of rains in Sidlaghatta Taluk.	Inadequate in some Taluks.	Scarcity for fodder is felt in some parts of Srinivasapur, Bagepalli, Gudibanda, Chinthamani and Gowribidanur Taluks.	Generally healthy except for the prevalence of "Black Quarter" in one village of Chinthamani Taluk and P & D disease in one village of Gudibanda Taluk.
			3. Tumkur District.				
Insufficient ...	Sowing of Ragi and Minor Millets is in progress in some parts of Turuvekere Taluk.	Standing crops are withering for want of rains. Some more rains are required for the crops.	Irrigated Ragi crop is being harvested in Sira Taluk.	Progressing in 3 Taluks.	Sufficient in Tumkur, Chiknayakanahalli and Tiptur Taluks, but insufficient in other Taluks.	Scarcity is felt in some Taluks.	Generally healthy.
			4. Mysore District.				
Though not sufficient; beneficial to the standing crops.	Horsegram and Greengram are being sown in Nanjangud Taluk.	Standing crops which were withering are expected to improve due to recent rains.	Harvesting of Jola in Gundlupet Taluk, Kar Paddy in Heggadadevanakote Taluk and Kar-Ragi in Hunsur Taluk is going on.	Progress is fair in 6 Taluks.	Sufficient except in Kollegal and Periyapatna Taluks.	Sufficient except in Yelandur and Nanjangud and Kollegal Taluks.	Do
			5. Mandya District.				
Insufficient ...	Transplantation of Sugarcane in Pandavapura Tq. Paddy in Maddur Taluk and sowing and transplantation of Ragi in Nagamangala Taluk are in progress.	Standing crops are fair except in some parts of Pandavapura Taluk where the crops are poor due to failure of rains.	Sugarcane in Pandavapura Tq. and Sugarcane, Kar Paddy crops in Maddur Tq. are being harvested.	Progress in 6 Taluks	Sufficient except in Nagamangala and K. R. Pet Taluks.	Sufficient except in Nagamangala and K. R. Pet Taluks	Do
			6. Hassan District.				
Sufficient in Alur and Arkalgud Tqs. but insufficient in other Taluks.	Nil	Standing crops were not fair due to failure of timely rains.	Harvesting of Gidda Ragi in Arkalgud and Belur Tqs. Gidda Ragi, Groundnut in Hassan Taluk and Jola, Groundnut in Arsikere Tq is going on.	Agricultural operations are held up for want of rains in Arsikere and Channarayapatna Taluks.	Insufficient from tanks of Hassan, Channarayapatna, Arsikere and Arkalgud Taluks.	Sufficient, except in Arsikere and Channarayapatna Taluks.	Do

1	2	3	4	5	6	7	8
			7. Chikmagalur District.				
Insufficient ...	Nil	Standing crops are reported to be poor in some Tqs. due to failure of timely rains. But still rains are required for the crops. Paddy crop in Mudigere Tq. is damaged by 'Katte Roga'.	Picking of Areeka in Tarikere Tq. and Groundnut in Kadur Tq. is in progress.	Progressing in 5 Taluks.	Insufficient in N.R. Pura, Sringeri and Mudigere Taluk.	Available except in Kadur Taluk.	Generally healthy except for the prevalence of "H.S. disease in Mudigere Tq. and Foot and Mouth disease" in a few places of Kadur Tq.
			8. Shimoga District.				
Insufficient ...	Nil ...	Standing crops are fair except in Honnali, Channagiri and Bhadravathi taluks where the crops are withering for want of rains.	Groundnut Crop is being harvested in Honnali taluk.	Progressing in 4 taluks.	Sufficient ...	Available ...	Generally healthy, except for the prevalence of "Galale Roga" in one village of Channagiri taluk.
			9. Chitradurga District.				
Insufficient (Nil in Hosadurga and Hiriyur Taluks).	Sowing of Horsegram in Jagalur Tq. Sajje, Navane, Same in Hosadurga Taluk sowing and transplantation of Paddy in Molakalmuru Taluk are in progress.	Standing crops in some Tqs. are withering for want of rains.	Groundnut and Jowar Crops in Hosadurga Tq. and irrigated Ragi in Dharmapur Hobli of Hiriyur Taluk are being harvested.	Do ...	Sufficient except in Challakere and Harihar Tqs.	Available except in some villages of Hosadurga and Chitradurga Tqs.	Generally healthy except for the prevalence of "Blackquarter" and "Glanders disease" in 2 villages of Holalkere Tq.
			10. Bellary District.				
Insufficient.	Sowing of Hingari Crops in some parts of Sirugappa Taluk is going on.	Standing crops are withering in most of the Taluks for want of rains.	Harvesting of Groundnut Crops is in progress in Sandur, Kudligi and Harapanahally Taluks is in progress.	Sowing of Hingari crops is held up for want of rains in Hadagalli taluk for want of rains.	Insufficient in Hadagalli, Sirugappa and Sandur taluks.	Scarcity is felt in most part of the taluks.	Generally Healthy.
			11. Bijapur District.				
Rainfall are beneficial to the crops.	Sowing of Cotton in most of the taluks and Rabi Jowar in Madhol taluk is in progress.	Standing crops which were withering are improving due to recent rains.	Nil	Progressing in 4 taluks.	Adequate ...	Scarcity for fodder is felt in Bagalkot, Muddebihal and Hungund taluks.	Do
			12. Belgaum District.				
Rainfall is beneficial to the crops (Nil in Raibagh and Khanapur taluks).	Sowing of Rabi Crops in Gokak, Athani, Parasgad taluks and Cotton in Ramdurg and Sampagaon taluks is in progress.	Standing Crops are fair except in Ramdurg, Parasgad, Athani and Khanapur taluks where the crops are in need of immediate rains.	Picking of early sown groundnut in Ramdurg, Sampagaon taluks and Maize in Gokak taluk is in progress.	Progress is fair ...	Adequate ...	Sufficient except in Athani taluk and in some villages of Parasgad taluk.	Generally Healthy, except for the prevalence of cattle disease in one village of Athani Taluk.
			13. Dharwar District.				
Insufficient but it is beneficial to the crops.	Sowing of Cotton is in progress in some parts of Shirahatty, Gadag, Navalgud, Ron, Hubli, Kundgol and Hirekerur taluks.	The standing crops are improving due to recent rains. In some taluks still rains are required urgently.	Picking of Groundnut in some parts of Hirekerur, Hubli, Byadgi and Gadag taluks is in progress.	Sowing of Rabi Crops is held up for want of rains in Mundargi taluk.	Sufficient except in Byadgi taluk and in 4 villages of Gadag taluk.	Scarcity for fodder is felt in Gadag, Mundargi, Shirhatty and Ron taluks.	Generally healthy.
			14. North Kanara District.				
Insufficient, some more rains are required.	Transplantation of Paddy is still in progress in Supa taluk.	Standing crops are fair ...	.....	Progress is fair ...	Adequate ...	Available ...	Do

15. Gulbarga District.

Beneficial to the crops (Nil in Sedom and Chitapura taluks).	Sowing of Rabi crops has been started in Jewargi taluk.	Standing crops are not fair in Sedam, Aland, Shahpur, Yadgir and Chincholi taluks.	Harvesting of Minor Millets in Gulbarga taluk and Blackgram in Chincholi taluk is in progress.	Progressing in 5 taluks.	Adequate except in Yadgir and Sedom Taluks.	Available except in Yadgir and Chitapur taluks, where scarcity for fodder is felt.	Do

16. Raichur District.

Rainfall though insufficient is useful for the standing crops as well as Rabi Sowing.	Sowing of Rabi Cotton has just started in Manvi, Yelburga, Raichur and Deodurg taluks.	Standing crops are generally not good, but due to recent rains, they are showing signs of improvement.	Nil	Do ...	Insufficiency is felt in Kushtagi, Yelburga, Raichur and Deodurg Taluks.	Scarcity for fodder is felt in most of the Taluks.	Do

17. Bidar District.

Sufficient in Bhalki Taluk.	.. ...	The crops are fair ...	Blackgram and Greengram in Bhalki taluk and Blackgram in Aurad taluk are being harvested.	Progressing in Aurad taluk.	Sufficient ...	Sufficient ..	Do

18. South Kanara District.

Moderate Rainfall	Transplantation of Patta paddy crop is in progress in Bantwal taluk.	Standing crops are fair except in Karkal taluk where the crops are withering, below average in Bantwal taluk.	Nil	Sowing for II Paddy is held up for want of rains in Karkal taluk.	Insufficient for crops in Belthangady, Udipi, Karkal and Bantwal Taluks.	Do ...	Do

19. Coorg District.

Do ...	.....	Fair	Nil	Progressing ...	Sufficient except in Somwarpet taluk.	Do ...	Do

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, SEPTEMBER 17, 1960.

A total of 5 attacks with one death from Plague was reported from Samashettihalli Village, Malur Taluk, Kolar District during the week against nil attack with nil death in the previous week. Comparative figures for the corresponding week in 1958 and 1959 were nil attack with nil death.

A total of 39 attacks with 10 deaths from Small-pox were reported from the Taluks of Mulbagal, Kumta, Bangalore North and Udipi and in City of Bangalore.

The State remained free from Cholera during the week.

A total of 1 attack with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Infectious Hepatitis and Influenza.

The total mortality for Bangalore Corporation amounted to 264 (85 in hospitals) for the week giving a calculated death-rate of 10·8 (7·3 excluding hospital deaths) per mille of population (mid-year estimated) as against 11·2 (6·5 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 56 due to Dysentery and Diarrhœa, 5 due to Consumption and 203 due to All Other Causes.

The total mortality for Mysore City was 37 (18 in hospitals) for the week representing a calculated death-rate of 5·0 (2·5 excluding hospital deaths) per mille of population (mid-year estimated) as against 10·2 (5·6 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Other Fevers, 2 due to Dysentery and Diarrhœa, and 33 due to All Other Causes.

There were 53 deaths (14 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 14·7 (10·8 excluding hospital deaths) per mille of population (mid-year estimated) as against 7·3 (6·5 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Typhoid, 11 due to Other Fevers, 4 due to Dysentery and Diarrhœa, and 1 due to Consumption and 36 due to All Other Causes.

The total mortality for Belgaum City was 21 (nil in hospitals) for the week representing a calculated death-rate of 9·2 (nil excluding hospital deaths) per mille of population (mid-year estimated) as against 5·9 (nil excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 4 due to Other Fevers, 4 due to Dysentery and Diarrhœa and 1 due to Consumption and 13 due to All Other Causes.

The total mortality for Mangalore City was 45 (37 in hospitals) for the week representing a death-rate of 14·1 (2·5 excluding hospital deaths) per mille of population (mid-year estimated) as against 10·7 (7·8 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Dysentery and Diarrhœa, 3 due to Consumption and 41 due to All Other Causes.

C. GOPALRAJ CHETTY,
Director of Public Health.

059—sc 40

WEEK ENDED SATURDAY, 24th SEPTEMBER 1960.

The state remained free from Plague during the week as against 5 attacks and 1 death in the previous week. Comparative figures for the corresponding week in 1958 and 1959 were nil attacks with nil deaths.

A total of 27 attacks with 3 deaths from Small-pox were reported from the Taluks of Kudligi, Hungund, Kumta, Hospet, Udipi, Chikodi and Indi and in the cities of Bangalore and Mangalore.

The State remained free from Cholera during the week.

A total of nil attacks with nil deaths from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Influenza and Infectious Hepatitis.

The total mortality for Bangalore Corporation amounted to 198 (77 in hospitals) for the week giving a calculated death rate of 8·1 (4·9 excluding hospital deaths) per mille of population (mid-year estimated) as against 25·5 (12·4 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 28 due to Dysentery and Diarrhœa, 2 due to Typhoid, 1 due to Consumption and 167 due to All Other Causes.

The total mortality for Mysore City was 45 (17 in hospitals) for the week representing a calculated death rate of 6·1 (3·8 excluding hospital deaths) per mille of population (mid-year estimated) as against 11·5 (10·8 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 8 due to Other Fevers, 2 due to Dysentery and Diarrhœa, 1 due to Typhoid, 2 due to Consumption and 32 due to All Other Causes.

There were 26 deaths (3 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death rate of 7·2 (6·3 excluding hospital deaths) per mille of population (mid-year estimated basis) as against 12·5 (9·1 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 4 due to Other Fevers, 2 due to Dysentery and Diarrhœa, and 20 due to All Other Causes.

The total mortality for Belgaum City was 27 (nil in hospitals) for the week representing a calculated death rate of 11·8 (nil excluding hospital deaths) per mille of population (mid-year estimated) as against 13·6 (3·9 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 5 due to Other Fevers, 1 due to Dysentery and Diarrhœa and 21 due to All Other Causes.

The total mortality for Mangalore City was 6 (nil in hospitals) for the week representing death rate of 1·8 (nil excluding hospital deaths) per mille of population (mid-year estimated) as against 8·8 (4·9 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 6 due to All Other Causes.

K. P. SRINATH,
For *State Statistician.*

General Weekly Summary Report of Mysore State for the Week ending Wednesday, the 21st September 1960.

Rainfall	Sowing/Transplantation	Condition of standing crops	Harvest	General progress of agricultural operations	Water supply	Fodder and pasture	Condition of cattle
1	2	3	4	5	6	7	8
			1. Bangalore District.				
Sufficient and Beneficial to the crops.	Transplantation of Paddy in Ramanagaram and Magadi Taluks is in progress.	Standing crops such as Ragi, Paddy, Sugarcane, Avare etc., are fairing well.	Nil	Progressing in 4 Taluks.	Sufficient - ...	Sufficient except in Anekal Taluk.	Generally fair
			2. Kolar District.				
Sufficient ...	Horsegram is being sown in some parts of Kolar, Srinivasapur, Gudibanda Taluks and Paddy is being transplanted in Gowribidanur Taluk.	Standing crops are improving due to recent rains,	Onions and potatoes are being harvested in Sidlaghatta Taluk.	Progressing ...	Do	Sufficient except in Bagepally Taluk.	Generally healthy except for the prevalance of "Black Quarter" in Two villages of Malur Taluk.
			3. Tumkur District.				
Sufficient ...	Transplantatation of Paddy in Tumkur Taluk, Ragi in some parts of Turuvekere Taluk and sowing of Horsegram in Chickanayakanahally Taluk are in progress.	Standing crops which were withering are showing signs of improvement due to sufficient rainfall.	Harvesting of Irrigated Ragi is going on in Sira Taluk.	Progressing in 3 Taluks.	Do	Sufficient except in Pavagada Sira, Gubbi and Tiptur Taluks.	Generally fair.
			4. Mysore District.				
Insufficient in K. R. Nagar, Periyapatna, Nanjangud and H.D. Kote Taluks Moderate rainfall in other Taluks.	Horsegram in K. R. Nagar Taluk Horsegram and Greengram in Nanjangud Taluk are being sown. Transplantation of Paddy is continued in Yelandur Taluk.	Standing crops are fair but some more rains are required for the crops in Gundlupet and H.D. Kote Taluks.	Harvesting of Kar Paddy in H.D. Kote Taluk, Jola in Gundlupet, Groundnut in Nanjangud, K.R. Nagar Taluks and Ragi in Mysore, Periyapatna Taluks is going on.	Progressing in 6 Taluks.	Sufficient except in Yelandur Taluk.	Sufficient, but scarcity is felt in Yelandur and Kollegal Taluks.	Generally healthy except for the prevalence of "Black Quarter" in one village of Nanjangud Taluk.
			5. Mandya District.				
Insufficient in Srirangapatna and sufficient in other Taluks.	Ragi in some parts of K.R. Pet Taluk and Paddy in some parts of Malavally Taluk are being Transplanted.	Sugarcane, Paddy, Ragi and Horsegram crops are fairing well.	Sugarcane crops in Maddur, Pandavapura Taluks and Paddy in Malavally Taluk are being harvested.	Progress is fair in 4 Taluks.	Sufficient except in K. R. Pet and Nagamangala Tqs.	Sufficient except in K. R. Pet and Nagamangala Tqs.	Generally fair.
			6. Hassan District.				
Sufficient in Alur Taluk but insufficient in Channarayapatna, Arkalgud and Hassan Taluks.	Horsegram in Channarayapatna, Belur Taluks and Horsegram, Bengalgram, Onions in Hassan Taluk are being sown.	Standing crops are fairing well except in Arkalgud Taluk where Paddy crop is in need of immediate rains.	Gidda Ragi, Potato, Groundnut in Hassan Taluk, Gidda Ragi, in Alur Taluk and Jola, Groundnut in Arsikere Taluk are being harvested.	Progressing ...	Sufficient except in Channarayapatna, Arkalgud and Arsikere Taluks.	Sufficient, except in Channarayapatna. and Arsikere Tqs.	Do

1	2	3	4	5	6	7	8
			7. Chikmagalur District.				
Sufficient except in Koppa Taluk where it is insufficient.	Nil	Standing Paddy, Ragi, Jola, Coffee Areca, Groundnut, Til, crops are fair except in Mudigere Taluk, where Paddy crop is affected by "Katte Roga."	Harvesting of Til, Groundnut and Corriander is in progress in Tarikere Taluk.	Progress is fair in 4 Taluks.	Sufficient ...	Sufficient ...	Generally healthy except for the prevalence of "Foot and Mouth disease" in some villages of Kadur Taluk.
			8. Shimoga District.				
Sufficient but insufficient in Sagar Taluk.	Sowing of Horsegram has commenced in Honnali Taluk.	Condition of the standing crops has been improved due to sufficient rainfall.	Nil	Progress is fair in 5 taluks.	Do	Do	Generally fair.
			9. Chitradurga District.				
Rains are beneficial to the standing crops.	Sowing and Transplantation of Paddy in some parts of Molakalmuru and sowing of Horsegram in Jagalur, Hosadurga and Challakere Taluks are in progress.	Standing Paddy, Sugarcane, Ragi, Jola, Groundnut, Til, Navane, Tur, crops are fairing well due to recent rains.	Harvesting of Jola in Hosadurga Taluk. Jola, Groundnut, Navane, in Hollalkere Taluk and Groundnut in Harihar Taluk is in progress.	Progressing in 4 Taluks.	Do	Do	Generally healthy except for the prevalence of "Black Quarter" in 2 villages of Holalkere Tq.
			10. Bellary District.				
Sufficient except in Mallapuram taluk	Hingari Sowing is in progress in Harpanahalli Taluk.	Condition of the standing crops is improved due to recent rains except in some parts of Bellary Taluk where Mungary crops have been completely withered.	Harvesting of Groundnut in Harapanahalli and Sandur Taluks is in progress.	Progressing ...	Sufficient except in Sandur taluk.	Scarcity for fodder is felt in some villages of Bellary, Siruguppa, Mallapuram and Sandur taluks.	Generally fair.
			11. Bijapur District				
Sufficient ...	Sowing of Cotton in Muddebihal and Badami Taluks and Rabi crops in Indi taluk is in progress.	Standing Kariff crops are fairing well.	Nil	Sowing is held up due to continuous rains in Mudhol, Jamkhandi, Bagewadi and Bilgi taluks.	Sufficient ...	Sufficient except in Badami and Muddebihal taluks.	Generally healthy.
			12. Belgaum District.				
Do ...	Sowing of Rabi Crops in Athani, Gokak and Parasgad taluks is in progress.	Standing Crops are fair except in Khanapur taluk where the crops are not fair for want of rains.	... ...	Weeding and other Agr. operations are in progress.	Do ...	Sufficient except in some parts of Athani taluk.	Do
			13. Dharwar District.				
Sufficient except in Hanagal taluk where it is insufficient.	Sowing of Cotton is in progress in Kundgol, Navalgud, Hubli and Shirahatty taluks.	Standing Paddy, Jowar, Ground-Nut crops are fairing well due to recent rains.	Harvesting of Groundnut, Ragi in Byadgi taluk and Groundnut in Dharwar and Gadag taluks is in progress.	Sowing of Cotton is held up due to continuous rains in Ron and Gadag taluks.	Do ...	Scarcity for fodder is felt in Shirhatty, Gadag, Ron and Mundargi, taluks.	Do
			14. North Kanara District.				
Sufficient but moderate rainfall in Supa and Siddapur taluks.	Nil ...	Standing crops are fair ...	Nil ...	Picking of Betelnut is retarded due to rains in Kumta and Bhatkal taluks.	Do ...	Sufficient ...	Generally healthy except for the prevalence of "Foot and Mouth Disease" in 2 villages of Mundgod taluk.

15. Gulbarga District.

Sufficient and Beneficial to the standing crops.	Rabi sowing has been started in Shahpur taluk.	Standing crops are thriving due to recent rains except in Yadgir taluk where the crops are not fair.	Harvesting of Minor Millets, Greengram in Gulbarga taluk and Blackgram in Chincholi taluk is in progress.	Rabi sowing is held up due te continuous rains in Jewargi taluk.	Do ...	Sufficient except in Yadgir taluk and in some villages of Jewargi taluk.	Generally fair.

16. Raichur District.

Sufficient in some taluks and Beneficial to the crops in some taluks.	Sowing of Rabi Cotton is in progress in most of the taluks.	Condition of the standing crops is not satisfactory in Kushtagi, Gangavathi, Manvi and Raichur taluks. The crops in other taluks are recovering due to recent rains.	Nil	Progressing in 5 taluks.	Sufficient except in Yelburga and Raichur taluks.	Scarcity for fodder is felt in most parts of the District.	Do

17. Bidar District.

Sufficient ..	Rabi sowing has been started in Bidar taluk.	Standing crops are fair	Greengram and Blackgram are being harvested in Bidar and Bhalki taluks.	Progressing in Bidar taluk.	Sufficient ...	Sufficient ..	Do

C. J. PADMANABHA, *Dy. Commr.*

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, OCTOBER 1, 1960.

The State remained free from Plague during the week as in the previous week and also during the corresponding week in 1958 and 1959.

A total of 18 attacks with 4 deaths from Small-pox were reported from the Taluks of Chikodi, Sidlaghatta, Mulbagal, and Udipi and in the cities of Mangalore and Bangalore.

The State remained free from Cholera during the week.

A total of 1 attack with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State is free from Yellow Fever, Relapsing Fever, Infectious Hepatitis and Influenza in Epidemic form.

The total mortality for Bangalore Corporation amounted to 159 (40 in hospitals) for the week giving a calculated death-rate of 6·5 (4·8 excluding hospital deaths) per mille of population (mid-year estimated) as against 9·9 (7·3 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 16 due to Dysentery and Diarrhœa, 1 due to Small-pox, 2 due to Consumption and 140 due to All Other Causes.

The total mortality for Mysore City was 29 (18 in hospitals) for the week representing a calculated death-rate of 3·9 (1·4 excluding hospital deaths) per mille of population (mid-year estimated) as against 12·2 (9·1 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Other Fevers, 3 due to Dysentery and Diarrhœa and 24 due to All Other Causes.

There were 29 deaths (4 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 8·0 (6·9 excluding hospital deaths) per mille of population (mid-year estimated) as against 7·6 (6·2 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 4 due to Other Fevers and 25 due to All Other Causes.

The total mortality for Belgaum City was 44 (23 in hospitals) for the week representing a calculated death-rate of 19·3 (9·2 excluding hospital deaths) per mille of population (mid-year estimated) as against 4·1 (4·1 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 3 due to Other Fevers, 3 due to Dysentery and Diarrhœa 1 due to Small-pox, 6 due to Consumption and 31 due to All Other Causes.

The total mortality for Mangalore City was 7 (nil in hospitals) for the week representing a death-rate of 2·2 (nil excluding hospital deaths) per mille of population (mid-year estimated) as against 12·7 (10·1 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Dysentery and Diarrhœa, 1 due to Consumption and 5 due to All Other Causes.

C. J. PADMANABHA, *Dy. Commr.*

MYSORE STATE, DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, OCTOBER 15, 1960.

The State remained free from Plague during the week as against 4 attacks with 1 death in the previous week. Comparative figures for the corresponding week in 1958 and 1959 were nill attack with nil death.

A total of 28 attacks with 6 deaths from Small-pox were reported from the Taluks of Bangarpet, Sandur, Kumta and Bangalore South and in the Cities of Mangalore and in Town of Bellary.

The State remained free from Cholera during the week.

A total nil attack with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Infectious Hepatitis and Influenza in Epidemic form.

The total mortality for Bangalore Corporation amounted to 232 (82 in hospitals) for the week giving a calculated death-rate of 9·5 (6·1 excluding hospital deaths) per mille of population (mid-year estimated) as against 11·9 (7·3 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 22 due to Dysentery and Diarrhœa, 4 due to Consumption and 206 due to All Other Causes.

The total mortality for Mysore City was 40 (19 in hospitals) for the week representing a calculated death-rate of 5·4 (2·8 excluding hospital deaths) per mille of population (mid-year estimated) as against 12·8 (6·2 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 4 due to other Fevers, 5 due to Dysentery and Diarrhœa, 2 due to Consumption and 29 due to All Other Causes.

There were 13 deaths (3 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 3·6 (2·7 excluding hospital deaths) per mille of population (mid-year estimated) as against 5·1 (4·2 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Dysentery and Diarrhœa, nil due to Other Fevers, and 11 due to All Other Causes.

The total mortality for Belgaum City was 18 (nil in hospitals) for the week representing a calculated death-rate of 7·9 (nil excluding hospital deaths) per mille of population (mid-year estimated) as against 9·5 (8·6 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 4 due to other Fevers, and 14 due to All Other Causes.

The total mortality for Mangalore City was 20 (7 in hospitals) for the week representing a death-rate of 6·3 (4.0 excluding hospital deaths) per mille of population (mid-year estimated) as against 8·1 (4·9 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Other Fevers, 1 due to Dysentery and Diarrhœa 1 due to Consumption and 17 due to All Other Causes.

C. GOPALRAJ CHETTY,
Director of Public Health.

NATIONAL EMPLOYMENT SERVICE IN MYSORE, BANGALORE

NOTIFICATION

Employment seekers in Mysore State will please note the following instructions:

1. Persons residing within the jurisdiction of the area covered by the Employment Exchange should register their names with the respective Employment Exchange.

   For the convenience of the public a statement is appended below showing the particulars of the several Employment Exchanges functioning in the State as also their jurisdiction.

2. Persons residing in the headquarters towns and Cities of the Exchange should personally call at the concerned Exchange for purpose of registration.

   Those residing in mofussil areas may obtain application forms from the Exchanges supplied free of cost on requisition, and submit the application to the concerned Exchange along with the copies of certificates duly attested by a Gazetted Officer.

3. Candidates once registered should periodically renew their registration as per instructions given in the Registration Card (X-10) so long as they need employment assistance.

4. Renewal of registration may be obtained through post both by mofussil registrants as well as those residing in headquarters of the Employment Exchanges but Registration Card (X-10) should not be sent to the Exchange for this purpose.

C. J. PADMANABHA, *Dy. Commr.*

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, OCTOBER 22, 1960.

The State remained free from Plague during the week as in the previous week.

Comparative figures for the corresponding week in 1958 and 1959 were nil attack with nil death.

A total of 2 attacks with nil death from Small-pox were reported from Mangalore City.

A total of 1 attack with nil death from Cholera was reported from Balganur, Bijapur District, Sindgi Taluk.

A total of 2 attacks with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing fever, Infectious Hepatitis and Influenza in epidemic form.

The total mortality for Bangalore Corporation amounted to 188 (58 in hospitals) for the week giving a calculated death-rate of 7·7 (5·3 excluding hospital deaths) per mille of population (mid-year estimated) as against 10·0 (8·5 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 36 due to Dysentery and Diarrhœa, 1 due to Typhoid, 4 due to Consumption and 147 due to all other causes.

The total mortality for Mysore City was 48 (34 in hospitals) for the week representing a calculated death-rate of 6·5 (1·9 excluding hospital deaths) per mille of population (mid-year estimated) as against 15·4 (8·2 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 7 due to Other Fevers, 2 due to Dysentery and Diarrhœa, 4 due to Consumption and 35 due to all other causes.

There were 5 deaths (nil in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 1·3 (nil excluding hospital deaths) per mille of population (mid-year estimated) as against 8·5 (6·8 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 5 due to all other fevers.

The total mortality for Belgaum City was 25 (nil in hospitals) for the week representing a calculated death-rate of 11·0 (nil excluding hospital deaths) per mille of population (mid-year estimated) as against 7·2 (nil excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 5 due to other fevers, 1 due to Consumption and 19 due to all other causes.

The total mortality for Mangalore City was 20 (11 in hospitals) for the week representing a death-rate of 6·3 (2·8 excluding hospital deaths) per mille of population (mid-year estimated) as against 2·9 (nil excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Dysentery and Diarrhœa, 2 due to Consumption and 17 due to all other causes.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, OCTOBER 29, 1960.

A total of 5 attacks with 1 death from plague was reported from Munisettihalli, Malur taluk, Kolar District during the week as against nil attack with nil death in the previous week. Comparative figures for the corresponding week in 1958 and 1959 were nil attack with nil death.

A total of 17 attacks with 4 deaths from Smallpox was reported from Hosakote town and taluks of Bangalore North and South, Bangarpet and Gadag.

The State remained free from Cholera during the week.

A total of nil attacks with nil deaths from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Infectious Hepatitis and Influenza in epidemic form.

The total mortality for Bangalore Corporation amounted to 260 (68 in hospitals) for the week giving a calculated death-rate of 10·6 (7·8 excluding hospital deaths) per mille of population (mid-year estimated) as against 6.8 (4·6 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 33 due to Dysentery and Diarrhœa, 2 due to Consumption and 225 due to all other causes.

The total mortality for Mysore City was 52 (15 in hospitals) for the week representing a calculated death-rate of 7·0 (5·0 excluding hospital deaths) per mille of population (mid-year estimated) as against 2·5 (2·2 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 10 due to Other Fevers, 5 due to Dysentery and Diarrhœa, 2 due to Typhoid, 4 due to Consumption and 31 due to all other causes.

There were 31 deaths (5 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 8.6 (7·2 excluding hospital deaths) per mille of population (mid-year estimated) as against 7·3 (6·5 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 3 due to other Fevers, 1 due to Smallpox and 4 due to Consumption and 23 due to all other causes.

The total mortality for Belgaum City was 0 18 (nil in hospitals) for the week representing a calculated death-rate of 7·9 (nil excluding hospital deaths) per mille of population (mid-year estimated) as against 4·1 (nil excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to other fevers, 2 due to Dysentery and Diarrhœa and 14 due to all other causes.

The total mortality for Mangalore City was 54 (47 in hospitals) for the week representing death-rate of 17·0 (2.2 excluding hospital deaths) per mille of population (mid-year estimated) as against 5·5 (nil excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 9 due to Consumption and 45 due to all other causes.

			3. Tumkur District.				
Insufficient (Nil in Sira, Pavagada & Madhugiri Tqs.	... ...	Standing crops have improved except in Pavagada, Madhugiri and Koratagere Taluks, where the crops are in need of rains and poor in Sira Taluk.	Nil	Progressing in 5 Taluks.	Sufficient except from tanks of Sira Taluk.	Sufficient except in Sira and Pavagada Taluks, where scarcity for fodder is felt.	Do
			4. Mysore District.				
Sufficient in H. D. Kote and K. R. Nagar, Taluks, but slight rainfall in other Taluks.	... ...	Standing Crops are reported to be poor in Kollegal and Nanjangud Taluks. Fair in other Taluks.	Nil ...	Progressing in 3 Taluks.	Inadequate in Nanjangud, Kollegal & Yalandur, Taluks.	Insufficient in Nanjangud and Kollegal Taluks.	Do
			5. Mandya District.				
Moderate rainfall ...	... ...	Standing crops are fair except in Pandavapura, Nagamangala and Malavally Taluks, where the dry crops are withering.	Harvesting of Sugarcane is in progress in Pandavapura, Srirangapatna and Maddur Taluks.	Do	Sufficient except in Nagamangala and K. R. Pet Taluks	Sufficient except in Nagamangala and K.R. Pet Taluks.	Do
			6. Hassan District.				
Sufficient in Arkalgud and Belur Taluk, but insufficient in other Taluks.	Sowing of Horsegram, Jowar in some parts of Hassan Taluk and Bengalgram, Corriander, Chillies in some parts of Arkalgud Taluk is in progress.	Standing crops are fair except in Hassan, Arsikere and Channarayapatna Taluks, where the crops require rains.	....	Progress is fair in 3 Taluk.	Insufficient from tanks of Channarayapatana, Hassan and Arsikere Taluks.	Sufficient, except in Arsikere Taluk.	Do
			7. Chikmagalur District.				
Sufficient except in Mudigere Taluk.	Nil	Standing crops such as Paddy, Ragi, Jola, Sugarcane, Avare, Horsegram, Coffee, etc., are fair.	Picking of Areca is in progress in Sringeri and Tarikere Tqs.	Progress is fair in 4 Taluks.	Do	Do	Generally healthy except for the prevalence of H.S. Disease in one village of Mudigere Tq. and other cattle disease in one villlge of Tarikere Taluk.

1	2	3	4	5	6	7	8
			8. Shimoga District.				
Sufficient, but insufficient in Shikaripur, Sagar and Sorab Taluks.	Nil	Standing crops are fair ...	Harvesting of Ragi, Jola, Paddy in Channagiri Taluk and of Paddy in some parts of Sorab Taluk is in progress.	Progressing ...	Do	Do	Generally healthy.
			9. Chitradurga District.				
Sufficient in Jagalur and Hosadurga Taluks but insufficient in Chitradurga Taluk.	Ragi, Jola, Cotton in Molakalmur Taluk and Bengal Gram in Jagalur Taluk are being sown.	Standing crops are fair, except in Hosadurga, Chitradruga and Challakere Taluks where the crops are withering.	Harvesting of Ragi in Holalkere Taluk, Jola in Challakere, Taluk G. Nut, Navane, Bajra, in Jagalur Taluk, G. Nut in Harihar Taluk and Sugarcane in Hiriyur Tq. is in progress.	Progressing in 4 Taluks.	Do ...	Do ...	Generally healthy except for the prevalence of Cattle dicease in one village each of Holalkere and Hosadurga Taluks.
			10. Bellary District.				
Scanty in Sandur and Bellary Tqs. (Nil in other Tqs.)	Hingari sowing is almost completed.	Standing crops are generally fair.	Harvesting of Jola, Groundnut in Hospet Taluk, Groundnut, Cotton in Sandur Taluk and Jola in Siruguppa Taluk is in progress.	Progressing ...	Do ...	Fodder is scarcely available in Kudligi, Sandur, Siruguppa and Bellary Taluks.	Generally fair.
			11. Bijapur District				
No rainfall except in Bagalkot Taluk.	Rabi Sowing is in progress in Hungund, Indi, Bagalkot Taluks and completed in some Taluks.	Standing crops are thriving well.	Harvesting of Groundnut is in progress in Bijapur and Hungund Taluks.	Progressing ...	Sufficient ...	Sufficient except in Hungund Taluk.	Do
			12. Belgaum District.				
Beneficial to the crops in Raibagh, Ramdurg, Sampagaon and Paragod Taluks (Nil in other Taluks.	Rabi sowing is nearing completion.	Standing crops have improved to a certain extent except in Athani Taluk where Bajra crop is attacked by "Argot Disease".	Picking of Cotton and Chillies in Raibagh Taluk is in progress.	Weeding and other Agricultural operations are in progress.	Do ...	Sufficient except in some places in Ramdurg Taluk.	Generally healthy except for the prevalence of "Epizootic Alphtha" in one village of Athani Taluk and Sheep and Goat disease in one village of Ramdurg Taluk.
			13. Dharwar District.				
Sufficient in Shiggaon Taluk and slight rainfall in Dharwar, Kalghatgi and Ranebennur Taluks.	Sowing of Rabi, Jowar, Wheat in Gadag Taluk, Jowar in Hirekerur, Ron Taluks and wheat in Mundargi, Hubli Taluks is in progress.	Standing crops are generally fair except in some parts of Mundargi, Dharwar and Hirekerur Taluks where Kharif crops are fading for want of rains.	Harvesting of G. Nut in Shiggaon, Dharwar, Hukkeri Taluks and Paddy in Kalghatgi Taluk is in progress.	Progressing ...	Sufficient ...	Sufficient except in Mundargi and Ron Taluks where scarcity for fodder is felt.	Generally fair.
			14. North Kanara District.				
Sufficient in Yellapur and Mundgod Taluks but not favourable to the crops in Kumta Taluk.	Completed ...	Standing crops are fair ...	Harvesting of Kharif Paddy is in progress in some Taluks.	Do	Do ...	Sufficient ...	Do
			15. Gulbarga District.				
... ...	Rabi Sowing is completed except in Afzalpur Taluk where sowing of wheat is going on.	Standing crops are fair except in Yadgir Taluk where crops are not fair.	Bajra, Paddy, Sesamum, G. Nut and Kangani.	Progressing in 4 Taluks.	Do ...	Do ...	Generally fair, but Horse Disease has spread in some villages of Chitapur, Taluk.

16. Raichur District.								
Scantiy in Deodurg Taluk and useful for Rabi crops in Yelburga Taluk.	Sowing of Rabi crops such as Wheat, Jowar, Gram, etc., is in progress.	Standing crops are fair (below normal in Yelburga Taluka).	Harvesting of Kangani and G. Nut has been started in Manvi Taluk.	Progressing in 4 Taluks.	Do ...	Do ...	Generally fair.
17. Bidar District.								
Nil ...	.....	Standing crops are fair ...	Paddy and Khariff Jowar crops are being harvested.	.....	Do ...	Do ...	Generally fair, but horse disease has broken out in Bidar Tq
18. South Kanara District.

Beneficial to the standing crops.	Nil	Fair except in Koratagere and Pavagada Taluks where the crops are in need of some more rains.	Irrigated ragi, and Navane are being harvested in Madhugiri and Pavagada Taluks.	Progressing in 5 Taluks.	Sufficient except from tanks of Sira and Madhugiri Taluks.	Do ...	Do
4. Mysore District.							
Sufficient but insufficient in Nanjangud Taluk.	Nil	Fair, except in Nanjangud Taluk, where the crops are poor.	Nil	Progressing in 3 Taluks.	Sufficient except in Kollegal Taluk.	Do ...	Do
5. Mandya District.							
ufficient ...	Nil	Fair except in Pandavapura, Taluk where dry crops are not fair.	Sugarcane crop is being harvested in Pandavapura and Maddur Taluks.	Progress is fair in 2 Taluks.	Sufficient ...	Do ...	Do
6. Hassan District.							
Do ...	Nil	Standing crops have improved due to recent rains.	Sugarcane crop in Channarayapatna Taluk is being harvested.	Held up due to continuous rains in Hassan Taluk.	Do ...	Do ...	Do
7. Chikmagalur District.							
Sufficient but heavy in Kadur and Tarikere Taluks.	Nil	Standing Paddy, Ragi, Sugarcane, Jola, Coffee, Areca crops are fair except in some parts of Kadur and Tarikere Taluks, where the crops are damaged due to heavy rains.	Picking of Areca is in progress in Koppa, Tarikere and Sringeri Taluks.	Progressing in 4 Taluks.	Do ...	Do ...	Do

1	2	3	4	5	6	7	8
			8. Shimoga District.				
Sufficient ...	Nil	Fair except in Channagiri Taluk, where Ragi and Paddy crops are affected to a certain extent due to failure of timely rains.	Harvesting of Ragi and Paddy in some parts of Channagiri, Honnali Taluks and of Paddy in Sorab Taluk has commenced.	Progressing ...	Sufficient ...	Sufficient ...	Generally healthy except for the prevalence of "Gelale Roga" in two villages of Honnali Taluk.
			9. Chitradurga District.				
Moderate rainfall (Nil in Molakalmuru and Jagalur Taluks).	Sowing of Bengalgram and Bilijola, in Jagalur Taluk is going on.	Standing crops are fairing well due to recent rains, except in Challakere Taluk, where dry crops are withering.	Harvesting of Ragi in Chitradruga and Holalkere Taluks, Jola, Sajje in Molakalmuru Taluk, Jola in Challakere Taluk and Jola, G. Nut, Navane in Jagalur Taluk, is in progress.	Progressing in 3 Taluks.	Do ...	Do ...	Generally healthy.
			10. Bellary District.				
Moderate rainfall in Hospet, Bellary and Mallapuram Taluks, but insufficient in Siruguppa Taluk (Nil in other Taluks).	Hingarsi sowing is in progress in Hadagalli Taluk and completed in other Taluks.	Standing crops are fair ...	Jola, Korra Groundnut in Hospet Taluk, and G. Nut in Hadagalli Taluk are being harvested.	Progressing in 5 Taluks.	Do ...	Fodder is scarcely available in Bellary, Kudligi and Siruguppa Taluks	Do
			11. Bijapur District				
Moderate rainfall in Mudhol and Sindgi Taluks but insufficient in Badami, Hungund and Jamkhandi Taluks.	Sowing of wheat in Bijapur Taluk, is in progress and of Rabi crops nearing completion in Sindgi and Indi Taluks.	Standing crops are thriving well except in some parts of Mudaol Taluk, where Bajra crop is affected by Jiwi Disease.	Harvesting of Bajra, G. Nut in Bagewadi Taluk and G. Nut in Hungund, Badami, Indi Taluks is in progress.	Intercultural operations are in progress.	Adequate ...	Sufficient except in Badami Taluk.	.....
			12. Belgaum District.				
Beneficial to the standing crops.	Rabi sowing is almost completed except in some parts.	The crops are faring well except in Khanapur Taluk Bajra crop is affected by "Argot Disease" in Athani Taluk.	Harvesting of paddy in Belgaum Taluk, Bajra, Cotton Chillies in Raibagh Taluk and G. Nut, in Huckeri Taluk is in progress.	Weeding and intercultural operations are in progress.	Do ...	Sufficient except in some parts of Ramdurg Taluk.	Generally healthy except for the prevalence of "Horse disease" in two village of Athani Taluk and in one village of Raibagh Taluk.
			13. Dharwar District.				
Sufficient in some Taluks and beneficial to the crops in some other Taluks.	Sowing of Wheat in Mundargi, Hubli Taluks, Rabi, Jowar, in Nargund Taluk, and Jowar. Wheat in Gadag Taluk, is in progress.	Fair except in Mundargi Taluk where Kharif crops are fading for want of rains.	Harvesting of G. Nut, Paddy, in Shiggaon Taluk, Paddy in Kalghatgi Taluk, G. Nut in Ron Taluk and Chillies in Byadgi Taluk is in progress.	Progressing ...	Do ...	Adequate except in Mundargi and Navalgund Taluks where scarcity for fodder is felt.	Generally healthy
			14. North Kanara District.				
Sufficient in Mundgod, Yellapur and Supa Taluks and slight rainfall in some Taluks.	Nil ...	Standing crops are fair ...	Harvesting of Kharif Paddy in some parts of Ankola, Mundgod, Haliyal, and Bathkal Taluks is in progress.	Progressing in 6 Taluks.	Do ...	Sufficient ...	Do

15. Gulbarga District.								
No rainfall except in Afzalpur Taluk	Rabi Sowing is in progress in Yadgir Taluk.	Standing crops are fair except in Yadgir Taluk.	Harvesting of Bajra in Chincholi Taluk, Bajra, G. Nut, in Afzalpur, Yadgir Taluks, and Paddy, Bajra, in Aland Gulbarga Taluks is in progress.	Progressing in 3 Taluks.	Adequate ...	Sufficient ..	Generally healthy except for the prevalence of Cattle disease in in some villages of Shorapur Taluk, and Horse Disease in some villages of Chitapur, Taluk.
16. Raichur District.								
Beneficial in Manvi Taluk and in sufficient in Gangawathi and Kushtagi Taluks.	Rabi Sowing is completed in some Taluks and in progress in a few Taluks.	Fair except in Yelburga Taluk where the crops are below normal.	Harvesting of Kangani, G. Nut in Manvi Taluk, G. Nut in Koppal, Yelburga Taluks and Bajra Jowar in Kushtagi Taluk, has been commenced.	Progressing ...	Do ...	Do ...	Generally fair.
17. Bidar District.								
Nil ...	.....	Standing crops are fair ...	Paddy, Jowar, sugarcane crops are being harvested in Bidar Taluk.	Do	Do ...	Do	Do
18. South Kanara District.								
Sufficient (Nil in Coondapur Taluk).	Sowing and Transplantation of II Paddy and planting of sweet Potatoes, Chillies in Bantwal and Puttur, Taluks are in progress.	[illegible] ...	Harvesting of I Paddy in Coondapur and Udipi Taluks, is in progress.	Do ...	D ...	Do ...	Do
19. Coorg District.								
Sufficient in Somwarpet Taluk.	.....	Do ...	[illegible] ...	Do ...	[illegible]	[illegible] ...	Do

C. J. PADMANABHA, *Dy. Commr.*

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, 19th NOVEMBER 1960.

The State remained free from Plague during the week as against 1 attack with 1 death in the previous week. Comparative figures for the corresponding week in 1958 and 1959 were nil attack with nil death respectively.

A total of 29 attacks with 7 deaths from Smallpox was reported from the taluks of Sandur, Kustagi, Kumta, Hukeri, Gokak and Kanakapura and in the Cities of Kolar Gold Fields and Bangalore.

The State remained free from Cholera during the week.

A total of 2 attacks with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Infectious Hepatitis and Influenza in epidemic form.

The total mortality for Bangalore Corporation amounted to 260 (96 in hospitals) for the week giving a calculated death rate of 10·6 (6·7 excluding hospital deaths) per mille of population (mid-year estimated) as against 9·8 (7·4 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 31 due to Dysentery and Diarrhœa, 7 due to Smallpox, 1 due to Consumption and 221 due to all Other Causes.

The total mortality for Mysore City was 68 (38 in hospitals) for the week representing a calculated death rate of 9·2 (4·0 excluding hospital deaths) per mille of population (mid-year estimated) as against 7·4 (3·8 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 8 due to Other Fevers, 2 due to Dysentery and Diarrhœa, 1 due to Typhoid, 9 due to Consumption and 48 due to all Other Causes.

There were 35 deaths (8 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death rate of 9·7 (7·5 excluding hospital deaths) per mille of population (mid-year estimated) as against 11·0 (9·9 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 6 due to other Fevers, 29 due to all Other Causes.

The total mortality for Belgaum City was 10 (1 in hospitals) for the week representing a calculated death rate of 4·[illegible] (3·9 excluding hospital deaths) per mille of population (mid-year estimated) as against 5·4 (nil excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Other Fevers and 8 due to all Other Causes.

The total mortality for Mangalore City was 47 (39 in hospitals) for the week representing death rate of 14·8 (2·5 excluding hospital deaths) per mille of population (mid-year estimated) as against 2·9 (nil excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Dysentery and Diarrhoea, 3 due to Consumption and 43 due to all Other Causes.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, NOVEMBER 26, 1960.

The State remained free from Plague during the week as in the previous week. Comparative figures for the corresponding week in 1958 and 1959 were 1 attack with nil death and nil attack with nil death respectively.

A total of 124 attacks with 26 deaths from Smallpox were reported from the taluks of Kanakapura, Jagalur, Siruguppa, Kustagi, Bagewadi, Bagepalli, Sandur, Hospet, and Udipi and in the Cities of Bangalore and Kolar Gold Fields and in Devanahalli Town.

The State remained free from Cholera during the week.

A total of 2 attacks with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Infectious Hepatitis and Influenza in epidemic form.

The total mortality for Bangalore Corporation amounted to 236 (81 in hospitals) for the week giving a calculated death-rate of 9·6 (6·3 excluding hospital deaths) per mille of population (mid-year estimated) as against 9·3 (6·0 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 46 due to Dysentery and Diarrhœa, 2 due to Typhoid, 3 due to Smallpox and 185 due to all other causes.

The total mortality for Mysore City was 63 (30 in hospitals) for the week representing a calculated death-rate of 3·6 (4·4 excluding hospital deaths) per mille of population (mid-year estimated) as against 8·1 (6·2 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 4 due to Other Fevers, 6 due to Dysentery and Diarrhœa, 1 due to Typhoid, 5 due to Consumption and 47 due to all other causes.

There were 30 deaths (4 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 8.3 (7·2 excluding hospital deaths) per mille of population (mid-year estimated) as against 5·3 (4·5 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to other Fevers, 1 due to Dysentery and Diarrhoea, 1 due to Smallpox, 26 due to all other causes.

The total mortality for Belgaum City was 20 (3 in hospitals) for the week representing a calculated death-rate of 8·8 (7·4 excluding hospital deaths) per mille of population (mid-year estimated) as against 15·0 (6·3 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to other fevers, and 19 due to all other causes.

The total mortality for Mangalore City was 13 (nil in hospitals) for the week representing death-rate of 4·0 (nil excluding hospital deaths) per mille of population (mid-year estimated) as against 3·2 (nil excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 12 due to all other causes.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, 3rd DECEMBER 1960.

The State remained free from Plague during the week as in the previous week. Comparative figures for the corresponding week in 1958 and 1959 were 2 attacks with 1 death and nil attack with nil death respectively.

A total of 28 attacks with 5 deaths from Smallpox were reported from the City of Bangalore Corporation and the towns of Hubli and Devanahally and from the taluks of Bagepally, Kumta, Kanakapura, Mandya, Nagamangala, Sandur and Udipi.

The State remained free from Cholera during the week.

A total of 1 attack with nil death from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Infectious Hepatitis and Influenza in epidemic form.

The total mortality for Bangalore Corporation amounted to 300 (101 in hospitals) for the week giving a calculated death rate of 12·2 (8·1 excluding hospital deaths), per mille of population (mid-year estimated) as against 10·5 (7·8 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 39 due to Dysentery and Diarrhœa, 1 due to Smallpox, 5 due to Consumption and 255 due to all Other Causes.

The total mortality for Mysore City was 25 (8 in hospitals) for the week representing a calculated death rate of 3·3 (2·3 excluding hospital deaths) per mille of population (mid-year estimated) as against 10·1 (7·7 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 4 due to Other Fevers, 1 due to Dysentery and Diarrhœa, and 19 due to all Other Causes and 1 due to Consumption.

There were 32 deaths (8 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death rate of 8·8 (6·6 excluding hospital deaths) per mille of population (mid-year estimated) as against 5·9 (4·2 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 9 due to Consumption and 20 due to All Other Causes and 1 due to other Fever, 2 due to Dysentery and Diarrhoea.

The total mortality for Belgaum City was 15 (1 in hospitals) for the week representing a calculated death rate of 6·6 (6·1 excluding hospital deaths) per mille of population (mid-year estimated) as against 18·2 (11.4 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Dysentery and Diarrhoea, 1 due to Typhod, and 13 due to all Other Causes.

The total mortality for Mangalore City was 19 (11 in hospitals) for the week representing death rate of 5·9 (2·5 excluding hospital deaths) per mille of population (mid-year estimated) as against 14·7 (12.7 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 1 due to Typhoid 2 due to Consumption and 16 due to all Other Causes.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE.

WEEK ENDED SATURDAY, 17th DECEMBER 1960.

A total of 7 attacks with 2 deaths from Plague (suspected) was reported from Gowdenahalli Village, Krishnarajanagar Taluk, Mysore District during the week as against nil attacks with nil deaths in the previous week. Comparative figures for the corresponding week in 1958 and 1959 were nil attacks with nil deaths and nil attacks with nil deaths respectively.

A total of 51 attacks with 11 deaths from Small-pox was reported from the Bangalore City Corporation, Mangalore City and from the Towns of Devanahalli, Gangavathy, Udipi and from the Taluks of Gadag, Haveri, Kolar, Kanakapura, Pavagada, Puttur, Sandur and Udipi.

The State remained free from Cholera during the week.

A total of nil attacks with nil deaths from Kyasanur Forest Disease was reported from Shimoga District.

The State remained free from Yellow Fever, Relapsing Fever, Infectious Hepatitis and Influenza in epidemic form.

The total mortality for Bangalore Corporation amounted to 261 (109 in hospitals) for the week giving a calculated death rate of 11·5 (6·2 excluding hospital deaths) per mille of population (mid-year estimated) as against 9·7 (7·9 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 31 due to Dysentery and Diarrhœa, 2 due to Consumption and 228 due to all Other Causes.

The total mortality for Mysore City was 59 (31 in hospitals) for the week representing a calculated death rate of 8·0 (3·8 excluding hospital deaths) per mille of population (mid-year estimated) as against 9·8 (8·7 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 8 due to Other Fevers 7 due to Dysentery and Diarrhœa, 2 due to Consumption and 42 due to all Other Causes.

There were 25 deaths (6 in hospitals) for the week from all causes in Kolar Gold Fields City equivalent to a calculated death rate of 6·9 (5·2 excluding hospital deaths) per mille of population (mid-year estimated) as against 3·9 (2·5 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 2 due to Other Fevers, 3 due to Dysentery and Diarrhœa, 3 due to Consumption and 17 due to All Other Causes.

The total mortality for Belgaum City was 14 (nil in hospitals) for the week representing a calculated death rate of 7·8 (nil excluding hospital deaths) per mille of population (mid-year estimated) as against 9·5 (nil excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 3 due to Other Fevers, 1 due to Malaria, 1 due to Consumption and 9 due to all Other Causes.

The total mortality for Mangalore City was 33 (27 in hospitals) for the week representing death rate of 10·4 (1·8 excluding hospital deaths) per mille of population (mid-year estimated) as against 15·3 (4·5 excluding hospital deaths) for the corresponding period of last year. Classified according to causes of deaths were 4 due to Typhoid, 3 due to Consumption and 26 due to all Other Causes.
